LUCKY BOB

The "Better Call Saul" Star Moves On To College.

By Zhanna Slor

Bob Odenkirk returns to AMC in the new comedic workplace drama series *Lucky Hank* (Sunday, March 19), based on Pulitzer Prize-winning author Richard Russo's 1997 novel *Straight Man*, about a cynical professor undergoing a midlife crisis. Executive produced by Mark Johnson (*Breaking Bad*) and Aaron Zelman (*Criminal Minds*), and costarring *The Killing*'s Mireille Enos, *Lucky Hank* takes place in Rust Belt Pennsylvania and centers around an underfunded college English department and its reluctant chairman, Hank (Odenkirk).

Odenkirk, who went straight from wrapping *Better Call Saul* and overcoming a heart attack to take on this new role, was happy to return to his comedic roots. "Saul was very funny at times, obviously, but he wasn't aware of how funny he was," Odenkirk says. "He wasn't part of the joke, whereas Hank gets to be the wisecracker and gets to laugh at his situation too." Though the star-studded cast is reluctant to call it a "dramedy," the show promises to have a good combination of both elements, tackling many real-life challenges in a nuanced way, and not forgetting to add levity. Most members of the English department staff struggle with various problems: the college's lack of funding, student sensitivity, unsuccessful career goals, as well as tolerating each other — but they're funny about it, which makes it entertaining.

Hank's wife, Lily, who similarly works in academia, is struggling too, not only with Hank's career crisis but also with trying to figure out her place in the world, especially now that her daughter is married and living on her own. "She has these ideals about learning being beautiful. And then, she ends up being behind a desk, and that's not always that fun," Enos says of her character. "Is it noble to sit at this desk in Pennsylvania and be vice principal? Is there some kind of bigger plan? She's on her own little kind of midlife spiral, trying to figure out what this next phase of her life is supposed to be and who that includes."

"Honestly, one of the things I love is that our characters in the show have been married for 25 years," Odenkirk adds. "As crabby as he is, he loves his wife. Saul was really alone. I mean he wanted Kim to love him, but they were never going to really be fully embracing each other. It was a tough guy to play. He was so alone. And so, I like that this guy loves his wife and she loves him."

Celebrating The 95th Oscars

By Jeff Pfeiffer

It's a big month for Hollywood as awards season culminates with the 95th Oscars ceremony, airing live Sunday, March 12, on ABC. The event honors the best films of 2022, and leading the field is *Everything Everywhere All at Once*, with 11 nominations. It's followed by *All Quiet on the Western Front* and *The Banshees of Inisherin* with nine nods each, *Elvis* with eight, *The Fabelmans* with seven, and *Tár* and *Top Gun: Maverick* with six apiece. Among the notable nominees, Michelle Yeoh is the first Asian actress nominated in the Best Actress category (*Everything Everywhere All at Once*); Best Supporting Actress nominee Angela Bassett (*Black Panther: Wakanda Forever*) is the first actor in a Marvel movie to be nominated for an Oscar; and Best Original Score nominee John Williams (*The Fabelmans*) adds to his dominating reign as the Oscars' most-nominated living person (he's now at 53). Jimmy Kimmel returns to host (he previously hosted in 2017-18), and he quipped that "being invited to host the Oscars for a third time is either a great honor or a trap. Either way, I am grateful to the Academy for asking me so quickly after everyone good said 'no.'"

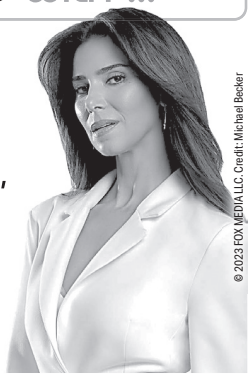
5 QUESTIONS with ...

ROSELYN SÁNCHEZ

Of FOX's "Fantasy Island"

By Jacqueline Cutler



© 2023 FOX MEDIA LLC. Credit: Michael Becker

Hair in a sleek bun, wearing a camel-colored wool pantsuit and gold earrings, Roselyn Sánchez looks like the former beauty queen she is. As Elena Roarke, she's elegant in a white wardrobe on *Fantasy Island*, which is now in its second season on FOX airing Mondays. Here she answers our "5 Questions."

1. Is Roarke magical since she can make wishes come true? That's a question I will ask the writers and showrunners a lot. Is she even human? She is, but she has superpowers at the same time. I just think she is a superhuman who is very, very blessed and very gifted. She's very smart. I think that she's doing this because it's part of her family legacy. It's not something that she wanted to do by choice. She wanted to have a normal life.

2. What shows did you love growing up? I grew up watching Spanish TV. When we got cable TV, I used to love *Diff'rent Strokes*. And the other stuff was just Spanish telenovelas, soaps out of Venezuela, Mexico, Puerto Rico. I watched since I was a little girl. Nowadays, I have a 10-year-old and I don't think I will be comfortable watching with her.

3. What are your all-time favorite movies? *An Officer and a Gentleman*, *Avatar.*

4. What is your ideal day? I get to live it pretty much. I have two kids, and just being a mom, getting them up in the morning, making them breakfast, and the whole process of getting them ready for school. And then they leave, and I can have my day. I'm producing with my husband, so we constantly make conference calls and Zoom meetings.

5. What job did you have before becoming an actress that influenced you? In Puerto Rico, growing up, I only had one job; it was on TV (*Qué Vacilón*). I started when I was 19 years old. When I moved to New York, I was 21. I came here with this delusion. And I was here for eight months, just living on my savings, auditioning and going to school. The first and only time that I worked at a regular job, I applied to be a host at a restaurant called Patria. I did that for maybe seven months, and what did I learn? Humility. I was a beauty queen, and in Puerto Rico, I was working on TV. I never had to work. My parents gave me everything. Again, I moved to the States thinking it's going to be seconds before I get discovered, and to realize it's not that easy: I'm going to have to pay my dues. I am going to just understand the value of working and just being a regular person. It was intense. It was sort of an awakening.

HOROSCOPES

By Yasmin Boland

Queen Latifah, a Pisces (born March 18), of "The Equalizer"

ARIES (March 21 - April 19) Now is the time for you to work through your fears. Not just this week but over the coming months and even years. The more you can do a deep dive into what holds you back, the more you'll learn about how to live life fearlessly and therefore more successfully.

TAURUS (April 20 - May 20) Get ready because you're entering a new cycle which is going to help you work out who really matters to you and who is a flaky or fake friend you need to move on from. Your most important life lessons will come from your friendships. What are people teaching you?

GEMINI (May 21 - June 20) Your best bet professionally is to now think like a boss. If you're not already the boss, then you could be soon. Think about how you would behave and what you would do differently if you were in charge of work operations. Thinking like this can help you manifest it.

CANCER (June 21 - July 22) If you were to take up a course of study, what would you delve into? What do you need to read to broaden your mind, especially (but not only) in a work context? You're about to get a new start career-wise – what professional development could you do to enhance that?

LEO (July 23 - Aug. 22) Fears around cash could be coming up for you now. All the better for you to deal with them! Some people don't like to talk or even think about money, however if you want to have the cash you need for your Leo lifestyle, working through financial fears is a must.

VIRGO (Aug. 23 - Sept. 22) The coming couple of years will test you and your most important relationships. This is nothing to worry about per se; however if you're in a relationship that is hanging by a thread, then you need to work harder to keep it together, if that's the outcome that you want.

LIBRA (Sept. 23 - Oct. 22) Being a Libran means you appreciate the beauty in life. However, what you need to focus on right now is less about the hearts and flowers and more about the tedious routines that will get your life ticking over like clockwork. The more schedules you stick to, the better.

SCORPIO (Oct. 23 - Nov. 21) Whatever is going on in your life right now, you need to hold your vision for how you would like things to be. Life has been undeniably tumultuous for many Scorpios in the past few years but recent planetary changes are going to make it easier for you to find more stable ground.

SAGITTARIUS (Nov. 22 - Dec. 21) Life at home can go either way now and over the next few years. The best possible scenario is that you're going to feel more secure in your personal life. However, if there are family issues which you haven't dealt with, you may find that you can't avoid them any longer.

CAPRICORN (Dec. 22 - Jan. 19) The best thing you can do for yourself now is to make "mental discipline" your aim and motto. The more you focus on this, the better. As they say, you can't afford the luxury of negative thinking right now. Stress relief exercises are crucial as you enter this new cycle.

AQUARIUS (Jan. 20 - Feb. 18) Self-love is a tricky subject, right? On the one hand, you don't want to be so wrapped up in yourself that it comes out as arrogance. On the other hand, you do need to love and value yourself if you want others to do the same. Think about this topic this week.

PISCES (Feb. 19 - March 20) Saturn is now back in your sign for the first time in about 30 years. You could feel pressured this week, as this new cycle kicks in, or you could start to get the best of Saturn and begin to realize that you're a super strong person made of amazing stuff!

A Man Called Otto

Otto (Tom Hanks) likes things to happen his way, and when a new family moves in on the block, they'll breathe life into this man struggling with a past that leaves him feeling a bit lost. Can this new blood bring out the positives that are hidden within this seemingly gruff man? This is one of my favorite films of 2022. Hanks is brilliant in a role that seems reserved for significantly more "gruff" actors, and his costar Mariana Treviño pulls the best out of Hanks in his deadpan delivery. A solid story, although not a blockbuster action bonanza or epic historical offering, *Otto* is worth the watch for a slice of reality in our ever-changing world. *Rated PG-13 — Available March 14*

Available on March 14 ...

- **Alice, Darling** (R) Anna Kendrick, Kaniehtiio Horn
- **The Locksmith** (NR) Ryan Phillippe, Kate Bosworth

"The Young And The Restless" Is Bringing Back Five Fan Favorites For Its 50th Anniversary

Genoa City is going to look even more familiar as *The Young and the Restless* celebrates its 50th birthday on March 26. This month, five familiar faces are set to return to the venerable CBS soap, which was created by the late William J. Bell and Lee Phillip Bell.

Michael Damian (Danny), Patty Weaver (Gina), Tricia Cast (Nina), Barbara Crampton (Leanna) and Veronica Redd (Mamie) are all set to appear on *Y&R* this month. Damian premiered as singer Danny Romalotti back in 1980. He shared the stage with fellow singers Lauren Fenmore (Tracey Bregman) and Traci Abbott (Beth Maitland), but his true love was Cricket Blair (now Christine Williams, played by Lauralee Bell). The two wed in Hawaii in 1990, but a few years later, their marriage was torn apart by Phyllis Summers (Michelle Stafford), a fan obsessed with Danny. Christine and Danny's marriage didn't survive, but as viewers saw earlier this year, there's much unfinished between the two.

In 1982, Weaver debuted as Gina Roma, Danny's sister, and a terrific singer in her own right! Gina was involved in much of the action on the show as the owner of Gina's Italian Restaurant, and later, as the manager of the Genoa City Athletic Club. She got her heart broken by the evil Clint Radison (James Michael Gregary).

Cast made her *Y&R* debut in 1986 as unwed, pregnant teen Nina Webster. She had another child — Chance (Conner Floyd), with Phillip Chancellor (Thom Bierdz) — before becoming a successful writer. Cast won the Daytime Emmy for Outstanding Younger Actress in a Drama Series for playing Nina in 1992.

Crampton was originally set for a short-term run in 1987 at *Y&R* as unbalanced Leanna Randolph, who wanted to do away with Ashley Abbott (Eileen Davidson). Inspired by her energetic performances, the show expanded her role and morphed her into the less dangerous (but always entertaining) Leanna Love, an outspoken journalist. Post-*Y&R*, Crampton has become a big name in the horror film genre.

Redd joined *Y&R* in 1990. Her character, Mamie Johnson, fell in love with her employer, John Abbott (Jerry Douglas), which infuriated his estranged wife Jill Abbott (Jess Walton) to no end. In 1977, Redd guest-starred on a groundbreaking episode of *The Jeffersons*. The actress played George's old friend Eddie Stokes, a transgender woman who had become Edith "Edie" Stokes.

ASK MATT

WHY CHANGE DAN FIELDING ON *NIGHT COURT*?

@TVGMMattRoush

Question: Why did they turn Dan Fielding into a different character on *Night Court*? They made him an insecure weenie. And he was a self-confident womanizer! Another character could have been the whiney defense attorney. –*Dennis*

Matt Roush: I'll counter this complaint with an argument that Dan being a different person in his later years makes him the reboot's most interesting character. His sarcasm is still on delightful display, and John Larroquette has lost none of the timing that helped earn him four Emmys during the series' original run. This version of Dan Fielding is a guy who grew up, married, became widowed, and is only now coming out of his funk, thanks to Abby (Melissa Rauch). (In a *TV Guide Magazine* interview, Larroquette responded to the romance/womanizing question by saying, "He's also 75! Anybody expecting that from this character at this age is like asking a basset hound to pole vault. Nobody wants to see that.") My issue with *Night Court* is they've surrounded Dan and Judge Abby with some regrettably weak stock characters, but now that the show has been renewed for a second season, maybe we'll see some character growth all around.

CHEERS & JEERS

by Damian Holbrook
TV Guide Magazine

@damianholbrook

CHEERS TO *PARTY DOWN*

for making the wait worth it. When Starz's catering-company comedy uncorked Season 3 after a 13-year hiatus, guest star Jennifer Garner was hilariously goofy and every wry waiter, including (below, from left) Zoë Chao, Martin Starr, Adam Scott and Ken Marino, served up off-filter laughs. We're Down for it!

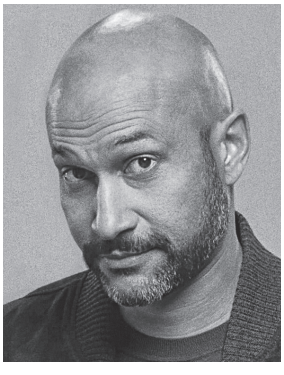
CHEERS TO ELLEN POMPEO

(below) for leaving ABC's *Grey's Anatomy* in good hands. It won't be the same without her, but the remaining characters are no scrubs.

follow Cheers & Jeers

JEERS TO THE SUPER BOWL AD

that had us scrambling to find the remote. Late in the fourth quarter, with the game tied and only minutes left, Fox ran a clever but cruelly timed promo spot for its streaming service Tubi–it made it look like our TVs were spontaneously changing channels. Fans were already on edge in this moment. They didn't need a feinting spell!



JEERS TO HULU

for canceling *Reboot*. The sly comedy starring Keegan-Michael Key (above) and Judy Greer was axed after a single season. Who knows why? Maybe the powers that be wanted to…reboot another show about the cast of a sitcom reuniting for a reboot…on a streamer named Hulu, no less.

Why have a stairlift when you can have a Home Elevator?

Stay in the home and neighborhood you love with a Stiltz Home Elevator.

WHY LIMIT YOURSELF?

Stairlifts were introduced in the 1920s, and not much has changed since. A stairlift has one use: to move you (and only you) between floors, slowly. And it fits in only one place: your staircase. Finally, a stairlift won't keep up with you as your mobility needs change over time. For example, a stairlift can't carry a walker or wheelchair.

THE MODERN SOLUTION

A Stiltz Home Elevator, on the other hand, is an affordable, modern home elevator that is so compact, it fits just about anywhere in your house. It requires no special machine room, no supporting walls, and runs off a standard home electrical outlet. One look at our unique free standing rail system, and you can tell right away why we're called "Stiltz"!

A Stiltz Home Elevator is 100% safe. The elevator will not operate when the door is open, and sensors stop the lift cab if something is in the way. A battery backup lowers the lift cab in a power outage.

A Stiltz Home Elevator is versatile. Our elevators carry two people, or even a wheelchair. And the small footprint means they fit just about anywhere. Install your homelift through the floor, in a stairwell, up to a landing — even inside a closet!

A Stiltz Home Elevator is clean and quiet. Our self-contained electric drive system is very quiet. No messy hydraulics, no noisy vacuum systems, no machine rooms required.

A Stiltz Homelift is an extra pair of hands. Move laundry, suitcases, groceries and vacuum cleaners — up and down between floors.

IT'S NEVER TOO SOON

Some Stiltz customers need a home elevator immediately. But others want to "future-proof" their homes for when the stairs become a challenge.

Did you know?

Falls are the leading cause of hospitalization for older adults in the US. More than a quarter of Americans age 65+ fall each year. The average hospital cost for a fall injury is $35,000.
