# THE TIME TRAVELER'S WIFE

**Nothing Can Come Between These Two Lovers ... Except Time Itself.** By Taylor Neumann

The title might sound familiar to you: *The Time Traveler's Wife*. Not only is it a bestselling book from 2003 by Audrey Niffenegger, but you might also recognize it from a previous 2009 movie adaptation starring Rachel McAdams and Eric Bana. But forget what you think you know about the story – this new HBO version, premiering Sunday, promises to deliver a fresh take on this heartbreaking love story.

The six-episode series stars Theo James as Henry DeTamble, a dashing librarian with a genetic disorder that makes him time travel unwillingly, disappearing for chunks of time, and Rose Leslie as his wife, Clare Abshire, who at age 6 meets an adult Henry and develops a friendship with this mysterious older man. It's only when she encounters him in the present day in her 20s – with him completely oblivious to their connection, as their previous encounters were from his future self – that the two are able to meet in the middle and settle down ... as much as Henry's condition will allow, of course.

Despite Henry being the one with the time traveling condition, the story very much revolves around Clare, the title's namesake. "[Henry]'s always had this pivotal role in her life as a figure of love and hope," details Leslie. "And then, as she grows up, we see that she is constantly juggling

these two scenarios in her life. Who is she when Henry is around? And then, who is she when Henry has disappeared?"

The two stars were able to play Clare and Henry at multiple ages, something that James enjoyed. "I love the juxtaposition between young and old, because I'm in the middle," he explains. "I'm 37, and I play Henry as an impulsive, young, full-of-himself, mid-20s and late-20s man. And then I play an early-40s, mid-40s version of him. I'm young enough to remember my stupid self, and the mistakes I made, and the cockiness, and the dumb, impulsive decisions. And I'm old enough to imagine a more settled sense of self, hopefully a little bit longer in the tooth, and a little more thoughtful with my actions."

One thing devoted book readers and fans of the previous movie version should note is that this adaptation does not tell the whole story – the six episodes finish without giving away the original ending. Leslie hopes that more episodes will follow so the story can continue. "That's on HBO! That does not come from me at all," she laughs. "We do see an element of Clare within her later years, but that isn't tied up at all. It very much finishes with their wedding." Here's hoping that viewers stick around for the conclusion to what may be one of the great love stories of our time.

## LIONEL RICHIE: THE LIBRARY OF CONGRESS GERSHWIN PRIZE FOR POPULAR SONG

By Jeff Pfeiffer

"When you receive this award, it basically tells me that there's a moment in time where you have to say, 'I've arrived,'" legendary singer-songwriter Lionel Richie said at a press conference ahead of the ceremony honoring him as this year's recipient of the Library of Congress Gershwin Prize for Popular Song.

Plenty of listeners immediately knew that a remarkable musical talent had arrived over 40 years ago when Richie began his incredible run of writing (and usually also performing) one chart-topping song after another, starting in the late 1970s during his days with the Commodores (with hits like "Easy," "Still" and "Three Times a Lady"), and continuing into the '80s when he began his solo career (which has included popular tunes like "Truly," "Hello," "All Night Long (All Night)" and "Endless Love," his duet with Diana Ross) and even with songs he penned for other artists (like the Kenny Rogers-crooned smash "Lady").

Richie has certainly had a career worth spotlighting with the Gershwin Prize, which annually celebrates a living musician's lifetime achievement. The ceremony bestowing this honor upon Richie was held in March, and was recorded by PBS for broadcast this Tuesday. The event featured an all-star concert celebration of Richie's songs, with highlights including Gloria Estefan kicking off the festivities with her rendition of "Dancing on the Ceiling," Chris Stapleton performing "Say You, Say Me," and Richie's fellow *American Idol* judge Luke Bryan singing "Lady," among others.

## 5 QUESTIONS with ...

© 2022 FOX MEDIA LLC

## DAPHNE OZ

Of FOX's

"MasterChef Junior"

By Jacqueline Cutler

Daphne Oz marvels at the young cooks on *MasterChef Junior*. As a chef, TV personality and mom of four, she's the perfect fit for judging the Thursday evening FOX competition.

"I think what blows me away with the show is that these kids are so much more accomplished chefs than I am," she says.

Oz's children (who are now 2, 4, 6 and 8) – like pretty much everyone else's – do not take on the complicated dishes that the *MasterChef Junior* cooks do. No stranger to the kitchen, Oz has written five cookbooks, has a degree from the Institute for Integrative Nutrition (as well as one from Princeton) and cohosts the syndicated show *The Good Dish*.

So this is one busy woman, but while in Palm Beach, Florida, Oz took some time to hop on a Zoom and answer our "5 Questions."

### 1. Have you ever had a ghostly experience?

I have definitely been in a spot where I felt energetically that there were people there that were not physical humans. Not that I've seen a ghost. As a youth, everyone gets that, like, creepy feeling when you go into a house that you think is haunted.

### 2. When were you starstruck?

When I was at *The Chew*, we had Cary Elwes on the show. And I remember him coming on the show, and it was a total surprise. They knew *The Princess Bride* was one of my favorite movies. I was significantly younger then. I immediately started channeling the whole movie. It was funny because it was really more like meeting someone who doesn't exist as a real person in your mind. Here they are in the flesh. That's really cool. He was very generous with me being a stammering weirdo.

### 3. If you were having a dinner party and could invite anyone living or dead, who's there?

Tina Fey, Cardi B and Martha Stewart – just the idea of the humor and the wisdom and the life experience and the range of personalities at the table made me very happy.

### 4. What were your favorite shows growing up?

*Sabrina the Teenage Witch*. And those Nick at Nite shows *Gilligan's Island*, *Bewitched*, and also there was *I Dream of Jeannie*. And then, as I got older, I really loved *The O.C.*

### 5. What other jobs have you had?

I was a sales clerk at a boutique called Rouge in Princeton when I was in college. I was a Tiger caller, the people who call and fundraise on behalf of your university. I was a story coordinator for *Inside Edition*; that was my very first job out of college.

# Take a Vacation From Inflation!

**Beat rising prices with this exclusive impossible offer!**

With gas prices going up and inflation on the rise, we felt you could use a little good news. Here it is: We're offering our Perfect Fusion Earrings for the price of this year. Just \$20.22!

The secret to their inflation-proof sparkle? We've done well these past few years and want to thank the world. Here, we've used a pristine stone that makes mined diamonds look, well, a smidge dull. This scientifically created marvel has a color and clarity that matches the world's most expensive diamond rating — D Flawless. It's a showoff stone that features all of the classic jeweler specifications, including color, clarity, cut and carat weight; it's even hard enough to cut glass. We're talking about The Ultimate Diamond Alternative®, DiamondAura®, and it's where the future of sparkle is headed.

To get a pair of mined diamond earrings with the level of visual purity you see here would set you back at least \$5,000. Instead, with the **Sparkle Fusion Earrings**, you can indulge in mined diamond luxury without the flashy mined diamond price.

# SECRETS OF A BILLIONAIRE REVEALED

*"Price is what you pay; value is what you get. Whether we're talking about socks or stocks, I like buying quality merchandise when it is marked down."*

— wisdom from the most successful investor of all time

We're going to let you in on a secret. Billionaires have billions because they know value is not increased by an inflated price. They avoid big name markups, and aren't swayed by flashy advertising. When you look on their wrist you'll find a classic timepiece, not a cry for attention—because they know true value comes from keeping more money in their pocket.

We agree with this thinking wholeheartedly. And, so do our two-and-a-half million clients. It's time you got in on the secret too. The **Jet-Setter Chronograph** can go up against the best chronographs in the market, deliver more accuracy and style than the "luxury" brands, and all for far, far less. \$1,150 is what the **Jet-Setter Chronograph** would cost you with nothing more than a different name on the face. With over two million timepieces sold (and counting), we know a thing or two about creating watches people love.

**Your satisfaction is 100% guaranteed.** Experience the **Jet-Setter Chronograph** for 30 days. If you're not convinced you got excellence for less, send it back for a refund of the item price.

**Time is running out.** Now that the secret's out, we can't guarantee this \$29 chronograph will stick around long. Don't overpay to be underwhelmed. Put a precision chronograph on your wrist for just \$29 and laugh all the way to the bank. Call today!

**CLIENTS LOVE STAUER WATCHES...**

Contestants of *Alone*

The most intense survival series on television, *Alone*, returns for season nine on Thursday, May 26 at 9 PM ET/PT on **HISTORY® Channel**. For the first time ever, ten contestants fight to survive in the bitter wilderness of the Northeast shores of Labrador, Canada, a location known for being the hunting ground of the predatory polar bear. Survivalists are dropped off in undisclosed, remote locations and equipped with just ten survival tools, and enough camera gear to self-document their experiences. The survivalist who endures the longest, facing total isolation, punishing weather, and deadly predators, will win the \$500,000 grand prize. No camera crews and no gimmicks, this is the ultimate test of human will. This season sets survivalists in a location with one of the harshest weather conditions yet. Enduring wet, snowy, merciless conditions, survivalists' building ingenuity, mental willpower and overall wilderness skills are put to the test as they must build their own shelters, forage their own food, and overcome numerous obstacles and dangerous predators in hopes of being the last person standing.

Everyone thinks they know the words to the most popular songs of all time, but when there's a million dollars at stake, will contestants be able to keep singing when the music stops? Or will they be at a loss for words? Emmy® Award nominee Niecy Nash hosts the all-new revival of the popular game show *Don't Forget the Lyrics!*, premiering Monday, May 23 8 PM ET/PT on **FOX**. Contestants will choose songs from different genres, decades and musical artists. Then they'll take center stage to sing alongside the studio band as the lyrics are projected on screen – but when the music stops and the words disappear, will the contestants belt out the correct missing lyrics, or freeze under pressure? If they sing nine songs correctly, they are presented with a No. 1 hit and sing the final missing lyrics for the top prize of \$1 million.

**ABC** will air its 2-hour special, *The American Rescue Dog Show*, on Wednesday, May 25 at 9 PM ET/PT. This is the pre-eminent dog competition featuring rescued companions as they strut their fluff, competing for a slew of "best in" titles while stealing America's hearts. A \$10,000 donation to a local animal welfare organization will be made in honor of the winning dog in each of 7 categories, plus \$100,000 in honor of the Best in Rescue winner.

*Moissanite is a game changer... A hot trend in big bling—an alternative to diamond...*

*Moissanite clarity is exceptional & comparable to a VVS1 diamond*

## CALLING THIS A DIAMOND WOULD BE AN INSULT

*Possessing fire, brilliance, and luster that far surpasses that of a diamond, this Nobel Prize winner's discovery twinkles and sparkles unlike any stone on earth.*

When French chemist, Henri Moissan discovered an incredibly rare mineral in a 50,000 year-old meteorite, little did he know the amazing chain of events that would follow. Along with winning a Nobel prize, he gave the world a stone that surpasses even the finest diamond in virtually every aspect that makes a woman go weak in the knees. Today, you can own 2 total carats of this swoon-worthy stone for a down to earth price of \$99.

**The most brilliant fine stone on earth.** According to the GIA (Gemological Institute of America), Moissanite outperforms all jewels in terms of its brilliance, fire, and luster. Moissanite has "double refraction"—which means light goes down into the stone and comes out not once, but twice. No diamond can do this. The way the light dances inside Moissanite is something to behold.

**The genius of affordability.** A one-carat diamond of this color and clarity sells for more than \$5,000. Two years ago Moissanite was over \$1,000 a carat. Now, for the first time in history, our team of scientists and craftsmen have mastered the innovative process, enabling us to price 2 carats of moissanite

in precious sterling silver for less than \$100. It's pure genius. Our Nobel Prize-winning chemist would be proud.

**Satisfaction guaranteed or your money back.** Experience the beauty of Moissanite for 30 days. If she's not completely head of heels, send it back for a full refund of the item price. But we have a feeling she'll be over the moon.

### Red hot Scheffler sets sights on PGA Championship

Beware PGA Tour, Scottie Scheffler is on a roll.

Indeed, as of mid-April the 25-year-old Dallas resident and top-ranked golfer on Tour had won four of the last six tournaments he'd entered in 2022, topped by his first career victory in the Masters.

In that April 7-10 major at Georgia's Augusta National, he put in a commanding performance, taking the lead in the second round and building it to six strokes on Sunday. So dominant was he that he was able to shoot a double bogey on the 72nd hole – in the process missing two four-foot putts – and still managed to come in three shots ahead of his closest pursuer, Rory McIlroy. Not bad for a guy whose nerves were so on edge that morning that he needed to be talked down by his wife.

He's clearly got the hot hand and seems to have all his weapons working – he's long, he's accurate and he can putt, that double bogey notwithstanding. Furthermore, no one on a golf course is more unflappable than Scottie Scheffler.

But hot streaks can easily turn cold and sustained runs are rare. So don't expect the stellar field to automatically lie down when Scheffler steps to the first tee in the year's second major, the PGA Championship, which airs Thursday through Sunday, May 19-22, on ESPN and CBS, from the Championship Course at Southern Hills in Tulsa, Okla.

**NAME:** Scottie Scheffler

**BIRTH DATE:** June 21, 1996

**BIRTHPLACE:** Ridgewood, N.J. (family moved to Dallas when he was 6)

**HEIGHT/WEIGHT:** 6 feet 3 inches/200 pounds

**FAMILY TIES:** He and wife Meredith live in Dallas.

**EDUCATION:** Has a bachelor's degree in finance from University of Texas

**TURNED PRO:** 2018

**PGA TOUR WINS:** 6

**HONORS AND ACHIEVEMENTS:** Korn Ferry Tour Player of the Year (2019); PGA Tour Rookie of the Year (2020); Masters champion (2022)

### CHEERS TO THE FIRST LADY'S

first-rate ladies! Between Viola Davis inhabiting Michelle Obama, Michelle Pfeiffer's beautiful turn as Betty Ford and the always spot-on Gillian Anderson as Eleanor Roosevelt, Showtime's salute to Washington D.C.'s iconic wives gets our vote for the must-watch of the month.

for hopefully opening some eyes to the star quality of Lamorne Morris (above). Buoyed by the power trio of Sasheer Zamata, T. Murph and Blake Anderson, Morris is lovably low-key yet commanding as a cartoonist turned activist in Hulu's insightful culture satire.

### JEERS TO KILLING EVE

for killing Villanelle (Jodie Comer). Offing the fashionista assassin in the final moment of the BBC America series' April 10 finale, just as she hooked up with partner and ex-pursuer Eve (Sandra Oh, below left, with Comer), was a huge blow to fans who've been dying to see these two kill it as a couple.

### JEERS TO FBI

for recruiting Shantel VanSanten (below) for a short-term mission. We love that the underrated alum of *The Boys* has joined the team as Special Agent Nina Chase. But we hate that she's only set to recur until star Missy Peregrine returns from maternity leave. Come on, CBS...you don't need an undercover op to see she'd be a perfect full-time addition.

# THE WEEK IN SOAPS

## A Summer Wind Blows Into Genoa City As Allison Lanier Joins "The Young And The Restless"

Last month, Kyle Abbott (Michael Meador) returned to Genoa City, but he's not going to be without his bride for long. Actress Allison Lanier makes her debut as Summer Newman Abbott on *The Young and the Restless* later this week.

How did Lanier land the coveted part of Kyle's bride and the daughter of Nick Newman (Joshua Morrow) and Phyllis Summers (Michelle Stafford)? "My manager sent me the self-tape audition and then the show called me in for a test," Lanier tells *TV Weekly*.

While some performers aren't fond of doing self-tapes, the actress says there are benefits to submitting your work to casting directors this way.

"There are advantages to both," Lanier says. "When you're in the room, you can get the energy of the other people there. In self-tapes, you can shoot it as many times as you want. I like both, but I'm partial to

self-tapes."

Lanier was thrilled to land the part. Are there any *Y&R* fans in her life? "My family is *definitely* aware of *The Young and the Restless*," she says with a smile. "It's an iconic show that has been on for so long. They were all excited when I got the role."

This is Lanier's first network series role. Previously, she recurred on the Prime Video series *Red Oaks*, where she played Annabelle, who made her debut in Season 3 as David's (Craig Roberts) love interest. "The show was set in the 1980s," she shares. "It was fun to do a period piece, and I worked with some amazing directors."

Time will tell what marital strife Summer and Kyle face (newlyweds are seldom happy for very long on soaps), but things are going swimmingly with TV husband Meador. "[Michael] is the absolute best and has taken me under his wing," Lanier happily reports. "He's such a nice, welcoming person. He's showing me the ropes, that's for sure. It's great to work with him. He's giving me all the tips and tricks."

In fact, Lanier is thrilled with the whole *Y&R* gang. "Everyone I've worked with is not only an amazing actor but also a very awesome person to be around," she shares. "I feel really lucky to come into the fold in that regard."

As *Y&R* viewers are aware, Summer was manipulated by rival Sally Spectra (Courtney Hope) into taking an overseas dream job. It's possible we'll see the two women spar over that calculating (and, arguably, generous) move. "I'm definitely still figuring out the character and learning everything about her," Lanier says of Summer. "I do think that Summer is super headstrong and is loyal to her close circle. She's fun. She's a fun girl."

# HOROSCOPES

By YASMIN BOLAND

**DAVID BOREANAZ**, a Taurus (born May 16), of "SEAL Team"

**ARIES** (March 21 - April 19)  
Hopefully you have been working on yourself. This week, you're entering a four-week period when it will benefit you to work on your own mental health. What are you thinking and are those thoughts healthy or toxic? How are you conducting your communications? Speak nicely to yourself and everyone else.

**TAURUS** (April 20 - May 20)  
The focus for you now is on your finances. It's time for you to rethink and revise the way you are saving and spending. How confident do you feel about your financial future? The more confident you feel, the more money you are likely to attract. It's the law of attraction.

**GEMINI** (May 21 - June 20)  
The Sun now moves into your sign while your ruling planet Mercury reverses in through Gemini too. In other words, now is the time for you to overhaul your entire life. Think about where you don't feel good enough, for example, and do something about it. Change your thoughts, change your life.

**CANCER** (June 21 - July 22)  
If you can possibly take some time out this week, do it. The sun is now slipping into your deep and mysterious 12th house. Think about the last 12 months and how far you've come. And what about the year ahead? What do you want to achieve? Meditate and contemplate.

**LEO** (July 23 - Aug. 22)  
Life might not be 100 percent easy but there is good news this week – the sun is moving into your 11th house – the most social part of your chart. So even though you still have a lot of pressure on you, you can expect a few more good times with friends. Hallelujah!

**VIRGO** (Aug. 23 - Sept. 22)  
Virgos are not renowned for being ruthlessly ambitious types. However you do like to get ahead, as much as anyone else. And you

make more of an effort than most. This week, the focus shifts to your brilliant career. Make a plan now for what you want to accomplish professionally.

**LIBRA** (Sept. 23 - Oct. 22)  
The good vibes for travel and adventure persist. Also very good vibes for study and teaching, if that appeals to you. Your love life has the potential to be the best it's been for years, and you have fantastic opportunities to open your mind up to new and exciting escapades. Win/win/win.

**SCORPIO** (Oct. 23 - Nov. 21)  
Focus now on your sex life and your finances. Give these parts of your life your full attention and you could find that in four weeks' time, you're in a much better situation than you are currently. You may have to dismantle old setups before you rebuild new ones.

**SAGITTARIUS** (Nov. 22 - Dec. 21)  
This week the sun is moving into the part of your chart that's all about love and relationships (as well as open enemies). So focus on who you love and give people who are more foe than friend a wide berth. An ex could reappear for reconciliation or closure.

**CAPRICORN** (Dec. 22 - Jan. 19)  
Right now is the right time for you to be thinking about how hard you want to work in order to achieve the things you want to accomplish. You have exactly the right stars to focus on your daily routines and to rethink and revise them where necessary. Make changes.

**AQUARIUS** (Jan. 20 - Feb. 18)  
You're in the middle of a tough cycle but there could be more light than shade this week. Your challenge, should you choose to accept it, is to focus less on what's dragging you down and more on finding out how to fit more fun into your life.

**PISCES** (Feb. 19 - March 20)  
Looks like it's time for you to make some changes on the home front or when it comes to family (or people who feel like family). As Mercury reverses in your 4th house of domesticity, there will be some long overdue post-pandemic family reunions taking place at long last.

## ASK MATT

### WAS THE BLACK-ISH FINALE TOO RUSHED?

@TVGMMattRoush

**Question:** What did you think of the *black-ish* finale? It did something which annoys me with a lot of series finales in showing a major life decision into the very last episode. *The Golden Girls* had Dorothy meet and marry Lucas in the span of an hour. *Modern Family* also did the "family going their separate ways" story at warp speed. Why do writers keep being afraid to use the entire final season to make changes? —Jake

**Matt Roush:** These are fair criticisms, and I'd agree that the final season of *black-ish* was uneven with distracting celebrity cameos. But all I expect when a series like this stages its final bow is that it be an affectionate send-off, in keeping with the tone of the show, and I felt *black-ish* achieved that with Dre (and to a lesser degree Bow) having an epiphany to move the family to an upscale Black neighborhood — with a terrific view, I might add. The mock memorial service bringing the family together, followed by a New Orleans-style romp through the Sherman Oaks block, was appropriately jubilant. And with Pops and Ruby having already declared they were leaving to see the country in their RV, the show had begun to build a sense of finality and reflection before this final act. So while I wouldn't put the *black-ish* finale in the pantheon of great final episodes, I was OK with it, and I'm glad anytime a network series gets to go out on its own steam.
