Kindness is so underrated. There are a lot of amazing people doing some pretty extraordinary things for other people – you just don't hear about it very often.

Cousins Melissa McCarthy and Jenna
Perusich set out to change that in their new
six-episode series *The Great Giveback With Melissa McCarthy and Jenna Perusich*, which
premieres on HGTV Monday. The series finds the
house-obsessed ladies sharing stories of some
kindhearted individuals who they surprise with a
beautiful home transformation.

"I think right now you just need to be able to watch something that makes you feel really good and reminds you how good the simplest act of kindness can be," Melissa tells us. "[You] will like spending time with these lovely people. I know we did."

Last month, Melissa and Jenna took time out of their crazy schedules to chat with us about this labor of love.

Did your 2020 episode of Celebrity IOU with Property Brothers Jonathan and Drew Scott — where you surprised Jenna's parents with a home makeover — inspire you to do Giveback?

**Melissa McCarthy:** Doing *Celebrity IOU* was such a fantastic experience. [But] Jenna and I are both rather house obsessed. My husband [actor

Ben Falcone, also an EP] is always saying, "You two like rebuilding and destruction in equal parts. As soon as you get something done, you're like, 'Should we rip that down?'" It's a natural extension of what we've done for our friends and family for years.

Jenna Perusich: Exactly. And with Celebrity IOU, we really got to see how changing someone's home can lighten the load emotionally and physically. I saw that firsthand with my parents. How humbling was it to learn the stories

of the people you're helping?

McCarthy: Getting to know these families and these people, it was such an incredible reminder that there's so much good in the world.

**Perusich:** It made me [think], "What can I do on a Tuesday at 3pm in a Starbucks line to just be a better person?"

# How hands-on are you two during the actual renovation?

**McCarthy:** Some would say too hands on. If we hadn't done [a task before], we were like, "Well, great. This is where we learn to do it." Like, we never plastered. Now I know how to plaster. I think people were probably confused by how much we were in there.

**Perusich:** We wanted every space to [match] the vibe of the owner, because it's all about making them feel good.

# NEW TRICKS

# Jeff Bridges And John Lithgow Star In FX's Spy Thriller "The Old Man." By Ryan A. Berenz

Aging widower Dan Chase lives a quiet life in a small town with his two dogs. For the past few weeks, he's been a little out of sorts, not sleeping well, and feeling anxious and irritable. Fortunately, spending more than three decades evading the CIA has given him a keen sense of when someone's coming to kill him. Based on the eponymous novel by Thomas Perry, FX's The Old Man stars Jeff Bridges as Chase, a former CIA operative who went on the run in 1987 after conducting unauthorized actions against Soviet forces in Afghanistan. Chase and his late wife assumed new identities and

tried to live as normal a life as possible, but the shadows of the past have finally caught up with him.

Tasked with tracking down Chase is FBI Assistant Director for Counterintelligence Harold Harper (John Lithgow), who has a great personal stake in making sure Chase is silenced and the work they did together in Afghanistan remains buried in secrecy. Alia Shawkat, E.J. Bonilla, Amy Brenneman and Gbenga Akinnagbe also star. The seven-part series debuts with the first two episodes Thursday.

Of Lifetime's "Suitcase Killer: The Melanie McGuire Story"

By Jacqueline Cutler

Wendie Malick walks into a room more convincingly than most. It could be the nearly 200 acting credits she's accrued since starting in the late 1970s, or her years as a high-fashion model, when she strutted on runways in Paris and New York.

In Lifetime's *Suitcase Killer: The Melanie McGuire Story*, premiering Saturday, Malick stars as Patricia Prezioso, New Jersey's former state assistant attorney general.

A pure Lifetime movie, based on true events, this was a horrifying case. McGuire, a fertility nurse, was convicted of drugging and fatally shooting, then dismembering, her abusive husband, a veteran and the father of her children. Behind bars, McGuire continues to maintain her innocence. Malick's character is a smart, take-charge prosecutor who saw through McGuire. While Malick didn't have a chance to speak with Prezioso, she did speak with us to answer our "5 Questions."

- Tell us about a time you were starstruck. The first time was definitely with Gena Rowlands. I ran into her on Sixth Avenue and 57th Street [in New York City]. It was late at night, and she had possibly been in a play at the time. We were the only two people on Sixth Avenue, and I literally bowed to her because she was royalty to me! She was one of the greatest actresses of the time.
- If you were on Jeopardy!, what categories would you run? I was on Celebrity Jeopardy!, and my favorite category was cocktails, and I was brilliant at it. I knew all of the answers. I like travel, and I am pretty good at fashion.
- **3.** Have you ever had a ghostly experience? Yes! An ex and I had a haunted house on Martha's Vineyard. The first night there, it was a dark and stormy night. Our cat flew across the room, and we heard someone playing the piano downstairs. The piano playing was beautiful. No one else was in the house. A young Native American girl had drowned in the well 80 years before.
- If you hosted a dinner party and could invite anyone, who's there? I met Jane Fonda and got to work with her on *Grace and Frankie*, and I would love to come back for more. Jane Goodall, Mahatma Gandhi and Emily Dickinson would be fascinating. And Amelia Earhart. I would love to know what was going on in her mind.
- 5. What other jobs did you have before acting? I modeled from '75 to '80. It was at a time when the all-American girls were getting really popular, the blond, blue-eyed girls. I was at Wilhelmina, and I stayed in Paris and did all the collections there and in New York. I worked with Yves Saint Laurent and Chanel and Dior. It was just wonderful. And in the States, I worked with Bill Blass and Calvin Klein, and all of those guys wanted models with a sense of the dramatic, and as an actress, I loved it. And I wanted to make some money and travel.

PBS is set to premiere the drama-filled period piece, Hotel Portofino, on Sunday, June 19 from 8 to 9 PM ET (check your local listings). The six-episode series stars Natascha McElhone (pictured above) and follows an elite yet dysfunctional British family who open a hotel for upper-class travelers on the magical Italian Riviera during the Roaring '20s. The story revolves around a personal awakening at a time of global upheaval in the traumatic aftermath of World War I and the liberating influence of Italy's enchanting culture, climate, and cuisine on elite British travelers. As distinguished guests like the imperious Lady Latchmere check into the hotel, matriarch Bella Ainsworth (McElhone) tries to keep up with their constant demands. Rounding out the talented ensemble cast, are Mark Umbers, Anna Chancellor, Pasquale Esposito, Oliver Dench, Assad Zaman, Adam James, Imogen King, Elizabeth Carling, Olivia Morris, and Lily Frazer, among others.

Hallmark Channel will premiere its new movie, *Two Tickets to Paradise*, on Saturday, June 25 at 8 PM ET/PT. Two strangers meet on what feels like the worst day of their lives. Hannah (Ashley Williams) and Josh (Ryan Paevey) have both been stood up at the altar. While shocked and devasted, they happen to meet at the park, which turns out to be the morale boost they need to commit to taking their honeymoon vacations. They realize that they are going to the same honeymoon resort and keep crossing paths in tropical paradise. Seeing the futility of fighting fate, Hannah and Josh eventually join forces and help to learn from one another to enjoy their vacations. The movie also stars Mary-Margaret Humes.

The Emmy® winning drama series *Westworld* returns to **HBO** for its eight-episode fourth season on Sunday, June 26 at 9 PM ET/PT and will be available to stream on HBO Max. The popular series is a dark odyssey about the fate of sentient life on earth, revolving around a western theme park and the technocratic metropolis of the near future. The returning cast includes Evan Rachel Wood, Emmy® winner Thandiwe Newton, Ed Harris, Jeffrey Wright, Tessa Thompson, Luke Hemsworth, Aaron Paul and Angela Sarafyan. Oscar® winner Ariana DeBose (West Side Story) joins the cast as a recurring guest star during season four.

# Spieth hopes hand stays hot in U.S. Open

After one of his most disappointing performances of 2022, Jordan Spieth picked himself up, dusted himself off and played some stellar golf.

Indeed, after he missed the cut in April at the Masters, the 28-year-old Texan found his A-game the following week in Hilton Head at the RBC Championship, defeating Patrick Cantlay in a playoff with a spectacular up-and-down shot from a bunker. Then in his next tournament, the AT&T Byron Nelson, in mid-May, Spieth put in a solid showing in his home state, engaging in a final-round duel of birdies with K.H. Lee before finishing second by a stroke.

So as he gets set to tee it up this week in the U.S. Open, he apparently has his game on track. He's never played this year's host course, The Country Club in Brookline, Mass., but he does have a track record of winning majors.

He has three Grand Slams to his credit – the 2015 Masters and the U.S. Open and the Open Championship in 2017. At the '15 U.S. Open at Chambers Bay in Washington, Spieth took advantage of a threeputt by Dustin Johnson on the 72nd hole to win by a stroke in a wild finish, thus giving him his secondstraight major. So when it comes to the big tournaments, Spieth can take the pressure.

He'll need his game to be at its best when he vies with an elite field in the 2022 U.S. Open, which airs Thursday through Sunday, June 16-19, on Golf Channel and NBC.

# THE WEEK IN SOAPS

### "General Hospital's" 15,000th Episode Shines A Spotlight On Genie Francis

Next week, *General Hospital* will broadcast its 15,000th episode! The show airing that day will focus on veteran cast member Genie Francis, who has been playing Laura Webber Collins since 1977.

Laura's held many titles on *GH* over the years, including hospital book room worker, Campus Disco waitress, ELQ receptionist, "Ms. Star Eyes" spokesperson, Deception Cosmetics owner and, currently, mayor of Port Charles. In this special 15,000th episode, the town comes together when an unknown political force takes aim at Laura.

"I don't think anybody can believe that it's been around this long," Francis recently told KABC-TV, the network's Los Angeles affiliate, of *GH*'s longevity. "It's quite an accomplishment, isn't it? And it's gone through generations of people."

In the mid 1970s, producer Gloria Monty and head writer Douglas Marland thrust a teenage Francis to the forefront of the drama with Laura's romance with law student Scotty Baldwin (Kin Shriner) and rivalry

with nursing student Bobbie Spencer (Jacklyn Zeman). (That triangle was recently referenced on the show in a scene with Bobbie and Nina Reeves, played by Cynthia Watros.) Ratings skyrocketed after Laura's mother, Dr. Lesley Webber (Denise Alexander), took the rap after Laura accidentally killed her older lover, David Hamilton (Jerry Ayres), and blocked the incident from her mind.

Laura matured from troubled teen to loving mother, who champions the town she calls home. "I'm very happy with how the character has grown and changed," Francis says. "In the beginning, of course, she was very, very vulnerable. And now I focus much more on her strength."

*GH* has expanded Laura's family by revealing she has two half brothers – attorney Martin Grey (Michael E. Knight) and baddie Cyrus Renault (Jeff Kober). What can viewers expect to see in this special Laura-centric episode? "It'll be happy. It'll be sad. It'll be dark. It'll be scary. It'll be fun," Frank Valentini, executive producer of *GH*, previews. "But most importantly, it has almost every single cast member in it."

Francis won the Daytime Emmy for Outstanding Supporting Actress in a Drama Series in 2007 for her role as Laura. Last year, she was nominated again for Outstanding Lead Actress in a Drama Series. Over the years, the fan favorite has been featured on the covers of *TV Guide Magazine*, *People* magazine and *Newsweek*. Francis has also appeared on *All My Children*, *Loving*, *Days of Our Lives* and *The Young and the Restless*. She headlined the 1982 CBS miniseries *Bare Essence*, which became a TV series on NBC.

Next year, *GH* will celebrate its 60th year on the air. The show has won the Daytime Emmy for Outstanding Daytime Drama Series a record 14 times.

# HOROSCOPES BY YASMIN BOLAND

ARIES (March 21 - April 19) Think constructive thoughts about money this week. Things could go either way financially in the coming seven days. Dream big dreams and get inspired by your money making abilities and you could soar. However, if you are too hard on yourself and dwell on the negative, you invite money issues in!

TAURUS (April 20 - May 20) Work could be a bit of a night-mare this week but try to push through. Whatever happens now – including too much hard work – will ultimately help you to step up professionally. Don't work? Challenges connected to whatever you're "known for" are possible. Friends will provide a break from any tedium.

**GEMINI** (May 21 - June 20) It's an extra emotional time for you. Get out of your head and into your emotions. It will do wonders for your soul! Although this week is going to be extra challenging for some, you should get through it unscathed if you continue to see your glass as half full.

CANCER (June 21 - July 22) Now's the time for you to sort out your work/life balance. Have you emerged from the pandemic with a touch of work-a-holism perhaps? Or maybe you've never felt less like working? Either way, it's time to find a balance. You need to be Zen but you also need to pay your bills.

**LEO** (July 23 - Aug. 22) Right now, the universe wants you to rise to a certain number of ongoing challenges, to prove how strong and resilient you really are. Do you feel this? This week, if someone at home or work seems to be intent on making you jump through hoops, confound them by jumping!

VIRGO (Aug. 23 - Sept. 22) The past few weeks have likely seen you working hard on making a name for yourself at work. You have hopefully been shining professionally. Now it's time for you to invest a little more emotionally into your personal life. Is there someone who needs some attention? Give them some love.

LIBRA (Sept. 23 - Oct. 22)
The past few years have been all about you healing your relationship with ... relationships. Seriously. You had a rough road for a while but hopefully you're starting to see that people do like you, you can trust other's feelings and not everyone is like the person who treated you poorly.

### SCORPIO (Oct. 23 -

Nov. 21) It's time for you to turn the corner financially. Seek a balance between what you need to feel happy and secure, versus how hard you're willing to work to make that cash. If your daily life isn't supporting your goals, use the energies this week to make some lifestyle changes.

SAGITTARIUS (Nov. 22 - Dec. 21) It's time for you to turn the corner on one important relationship. You probably already know which one. Maybe you have been hard to get along with lately? Or maybe someone you know is not treating you as well as they should? Now is the time to usher

CAPRICORN (Dec. 22 - Jan. 19) Your self-esteem could probably use an extra boost this week. If you find yourself feeling sad about life, seek out and spend time with someone or a group of people who make you feel good about yourself. It's a tough week but your private life should bring you some healing.

in changes.

AQUARIUS (Jan. 20 - Feb. 18) Weirdly, an argument or upset you have with someone this week could actually be a good thing. Maybe it helps you to see how you have been taking someone for granted or perhaps someone has been doing that to you. Don't be too hard on anyone but do sort through issues.

PISCES (Feb. 19 - March 20) You could feel pretty motivated regarding money this week. Go for it. The money stars are on your side. Chase your financial dreams. A little bit of courage regarding cash now will activate a financial good luck streak. Be assertive without being aggressive.

# best bets FRIDAY

### **Men in Black**

6:02 pm on TBS

Blink and you'll miss one of the best jokes in this tongue-incheek 1997 sci-fi tale: a wall of mug shots that reveals some of Earth's more colorful celebrities to actually be aliens. They're everywhere, and aiming to destroy the Earth. That's where agents J and K (Will Smith, Tommy Lee Jones) come in. Two sequels, *Men in Black II* and *Men in Black 3*, immediately follow.

# Love Triangle Nightmare

7 pm on LMN
Premiere

Recently divorced Brittany is relieved that she and her ex, Austin, are still on cordial terms, but she's ready to move on, so she attends a "divorce party" for new singles. Jake, a handsome guest, immediately catches her attention, and it's not long before he sweeps Brittany off her feet.

# **The Harvey Girls** 7 pm on TCM

An intended mail-order bride, played by Judy Garland, meets several women planning to open a train-stop restaurant in this 1946 musical directed by genre veteran George Sidney. The would-be wife decides to join the other ladies' business venture, which faces competition from a nearby saloon. John Hodiak, Ray Bolger and Angela Lansbury co-star.

# **Great Performances** at the Met

8 pm on PBS

Director Bartlett Sher moves the action of Giuseppe's Verdi's 1851 operatic masterpiece to 1920s Europe in this new Metropolitan Opera production, which stars baritone Quinn Kelsey as the tragic court jester of the title. Rosa Feola sings the role of Gilda, Rigoletto's innocent daughter.

# **ASK MATT**

# WILL THIS IS US SNAG THAT BEST DRAMA EMMY?

@TVGININattRoush

Question: This Is Us is stellar, and while the end of it is sad in some ways, I cringe when I hear people already asking questions about reboots and spinoffs. No. The creator had a six-season plan and he executed it superbly. It's time for the show to end and live on in our memories. But will the TV Academy finally do the right thing and give the show the recognition it deserves by naming it Outstanding Drama Series? The last network show to win Outstanding Drama Series was 24 – 16 years ago! -Travis, Irving, Texas

Matt Roush: I agree that any clamoring for a reboot or a spinoff is a lost cause, because as much as we'd love to spend more time with the Pearsons, this is the natural end to their story, and we should be more than satisfied when a series reaches its finish line in such great shape. As for its Emmy chances, I'm just hoping This Is Us makes the cut, and because NBC is the hosting network this year, that the ceremony will include a meaningful tribute to a show that meant so much to so many. The competition in this category is always tough, and this year is likely to include past winner Succession, the final season of Ozark, upstarts like Yellowjackets and Apple's terrific Severance and the global phenomenon of Squid Game. Amid all that chaos, what chance does an uplifting drama about family and memory have? We'll see.

# African Gem Cutter Makes \$2,689,000 Mistake... Will You?

This story breaks my heart every time. Allegedly, just two years after the discovery of tanzanite in 1967, a Maasai tribesman knocked on the door of a gem cutter's office in Nairobi. The Maasai had brought along an enormous chunk of tanzanite and he was looking to sell. His asking price? Fifty dollars. But the gem cutter was suspicious and assumed that a stone so large could only be glass. The cutter told the tribesman, no thanks, and sent him on his way. Huge mistake. It turns out that the gem was genuine and would have easily dwarfed the world's largest cut tanzanite at the time. Based on common pricing, that "chunk" could have been worth close to \$3,000,000! The tanzanite gem cutter missed his chance to hit the jeweler's jackpot ... and make history. Would you have made the same mistake then? Will you make it today?

In the decades since its discovery, tanzanite has become one of the world's most coveted gemstones. Found in only one remote place on Earth (in Tanzania's Merelani Hills, in the shadow of Mount Kilimanjaro), the precious purple stone is 1,000 times rarer than diamonds. Luxury retailers have been quick to sound the alarm, warning that supplies of tanzanite will not last forever. And in this case, they're right. Once the last purple gem is pulled from the Earth, that's it. No more tanzanite. Most believe that we only have a twenty year supply left, which is why it's so amazing for us to offer this incredible price break. Some retailers along Fifth Avenue are more than happy to charge you outrageous prices for this rarity.

Not Stauer. Staying true to our contrarian nature, we've decided to lower the price of one of the world's rarest and most popular gemstones.

This stunning two-total carat Sunburst Tanzanite Ring features marquise-cut gems set dramatically in gorgeous sterling silver. Each facet sparkles with the distinct violet-blue hue of the precious stones. But we don't stop there. While supplies last, we'll include these tanzanite studs FREE with your purchase of the ring — a \$99 value!

**Limited Availability.** We only have 1200, 954 left for this ad only. Of course, your satisfaction is 100% guaranteed. If you are not completely aglow with the Sunburst Tanzanite Ring, send it back within 30 days for a complete refund of the item price. But, please don't wait, our supply is dropping rapidly.
