# “NCIS” & “NCIS: HAWAII” FINALLY RETURN!

By Kate Hahn

Old buddies “TNT” — that’s *NCIS: Hawaii* boss Jane Tennant (Vanessa Lachey) and brave *NCIS* agent Nick Torres (Wilmer Valderrama) — each ended their seasons tripped up by someone from their past. Tennant will surely get blowback for the escape of her mentor turned traitor, Maggie Shaw (Julie White), but Torres’ situation was exponentially worse: pointing a gun at a mystery man (Al Sapienza) he’d recognized while undercover in prison and tracked down.

To recap, after his secret op, Torres made a chilling call: “I found him, Sis. You know who I’m talking about. The bastard’s still alive.” Maybe not for long. The man, who called Torres “Nicky,” said he thinks about him and his family often, and claimed to have changed. Still, Torres wants to watch him die.

In the Season 21 premiere (Monday, Feb. 12 on CBS), “Torres is out for revenge, even if it costs him his career — or worse, his life,” says exec producer David J. North, a longtime *NCIS* writer/producer now co-running the show with Steven D. Binder. “The man is responsible for the

tortured soul we know Torres to be. He has a lot of demons, and this man is by far the worst.” We learn the man had taken in Torres and his family as immigrants — a seeming godsend that became, in North’s words, “a violent nightmare.”

Is avenging the past worth ruining his future? “Torres is on the cusp of making the worst mistake of his life,” North says. “In this case, the consequences of his actions will take him away from his team.”

Thankfully, his colleagues Alden Parker (Gary Cole) and Jessica Knight (Katrina Law) go toe-to-toe with their FBI counterparts to clear his name.

We don’t even want to think about the bullpen without Torres. Unless, like Los Angeles agent Sam Hanna (LL Cool J), he joins Tennant at *NCIS* Pearl Harbor!

In *Hawaii*’s two-part Season 3 premiere (Monday, Feb. 12 on CBS), Tennant can’t return to work after her rogue mission until Sam interviews her and gives the go-ahead. She’s needed: A breach in the U.S. Marshals’ database sends *NCIS* to Vegas to find the hacker.

## Justin Hartley Is CBS’ New “Tracker”

*This Is Us* ended its six-season run in 2022, but Justin Hartley, who played Kevin, didn’t have to look far for his next project once he read Jeffery Deaver’s *The Never Game* at the urging of Ken Olin, executive producer and director of both *This Is Us* and *Tracker*, CBS’ new drama premiering after the Super Bowl (Sunday, Feb. 11). The novel, about a skilled “reward seeker” named Colter Shaw who solves mysteries with his tracking skills, instantly resonated with the actor. “Ken goes, ‘I think there’s something there,’” recalls Hartley. “I loved the book and the character. CBS bought it on the phone pretty much.”

Hartley — who also serves as an executive producer on the series — shares how this character differs from his *This Is Us* Kevin Pearson role. “I carry Kevin with me a little bit into this role. This is an action thriller and Colter’s circumstances are completely different. You’ve got the father and the question about what happened there. You’ve got family drama, you’ve got questions that there are no answers to. I think if you put Kevin in Colter’s boots, he would be dead in a day. But that doesn’t mean they don’t have the same heart.” — *Jim Halterman*

## The CW Turns To True Crime

True crime comes to The CW for the first time in the new docuseries *Crime Nation* (Tuesdays beginning Feb. 20), which is produced by former ABC News president James Goldston. With a more modern approach, which will include coverage of not only real crimes committed in the U.S. and how they are solved, but also the recent uptick in involvement of online citizen enthusiasts, the show aims to showcase a variety of criminal cases, both solved and unsolved.

"All of that attention on true crime not only reflects the kind of coverage there is of true crime, it's actually started to affect the investigation — how these crimes are solved, how the police go about trying to find people," Goldston shares. "You have amateur sleuths all over the world getting involved in a way that they never did before, sometimes in ways that are good and sometimes not very good. The aim of the show is to sort of pull back the curtain a little bit on that, and really show the good, bad, and ugly of modern true-crime reporting and investigation. Some of these stories are just incredibly psychologically fascinating, and obviously they raise profound issues of our times as well."

## "The Space Race" Shares A Story Of Reaching For The Stars

Diego Hurtado de Mendoza and Lisa Cortés directed the feature-length documentary *The Space Race* (Monday, Feb. 12 on Nat Geo) that weaves together the stories of the Black astronauts, pilots, scientists and engineers who sought to break the bonds of social injustice and reach for the stars, serving their country in space even as their country failed to achieve equality for them back on Earth. From 1963, when the JFK assassination thwarted Capt. Ed Dwight's quest to reach the moon, to 2020, when the echoes of the civil unrest sparked by the killing of George Floyd reached the International Space Station, this film shows how the story of African Americans at NASA is a tale of world events colliding with the aspirations of uncommon pioneers. Dwight, a former test pilot, is among those pioneers featured in the film, along with aerospace engineer Guion Bluford, former NASA administrator/retired U.S. Marine Corps Maj. Gen. Charles Bolden, astronaut/geologist Jessica Watkins and others.

CHEF ART SMITH

By Zhanna Slor

Former *Iron Chef* judge and *Top Chef* regular Art Smith is most known for once being the personal chef to Oprah, Lady Gaga and the Obamas. He also owns many successful restaurants, including three in Chicago, where he currently lives with his husband and their four teenage children. Amid planning to open a new restaurant in Hyde Park, he sat down with us to answer our "5 Questions."

1. What made you get into this line of work?

I always loved watching my mothers and grandmothers cook. I went to FSU and I discovered that internships were like a free pass out of school. The first one I did was a five-star resort in West Virginia. Beautiful place, gorgeous. But it was 1980. The chefs were kind of grouchy, and they would just scream at me. I would run downstairs and hide in the pastry shop, and they'd look at me and say, "Well, if you're going to hide down here, you're going to learn."

2. How did you get to be the personal chef for so many celebrities?

I wasn't doing well in college. And the dean asked me to go over to the governor's house to help him out. They liked me. And they said, "Well, we have a special guest, would you be interested in cooking for them?" I said, "Who's the special guest?" And they said, "Mikhail Baryshnikov." I said, "I'm there." They hired me as a chef, and it all started like that. It's all strictly word of mouth. Once you cook for a head of state, you are granted a security clearance and that clearance goes with you. It's all about trust. It's a very special job.

3. What's one of your most memorable dining experiences?

In Jerusalem, in the Old City, there's this wonderful family that has been making hummus for 300 years. You take some fresh bread from the bakery, and you go over to that place, and you dip that crunchy, fresh, hot bread in that hummus. That truly is one of the most incredible experiences. It was so simplistic and delicious.

4. What are the three things you must have in your fridge or pantry at all times?

We always have oatmeal. High quality yogurt. Like a Greek yogurt, because you can use it and put into anything. And I always have really, really amazing olive oil.

5. Has your cooking changed over the span of your career?

Yes, a lot. I have a saying that whatever you do, wherever you go, you take a little bit back with you. So, you come in my kitchen, you'll find ingredients from all over the world. My expertise is in diplomacy. I know quality food. I'm a good people person. And then, as Oprah Winfrey once told me: "What you don't know, you hire."

**Freddie Highmore, an Aquarius (born Feb. 14), of "The Good Doctor"**

**ARIES** (March 21 - April 19) It's all about friendships for you, and the social circles you move in. Are you connected to people who are helping you to live your best life? Or maybe they are 'legacy' friends who are keeping you stuck in the past, clinging to old bad habits? You know what to do!

**TAURUS** (April 20 - May 20) Your career is going to change massively over the coming years, thanks to Pluto. You could even say it's going to be *transformed*. For better or worse? That depends. If you go into fully-ruthless-competitor mode at work, then you could butt up against some fierce rivals. Look for win/win outcomes.

**GEMINI** (May 21 - June 20) Many Geminis are natural bookworms, born curious. If that sounds like you, indulge your mind this week. Expand it by talking to people who stretch you mentally, so you can see how smart you actually are. Then decided which decisions Smartest You would make. It's time to see the bigger picture.

**CANCER** (June 21 - July 22) Once upon a time this week's stars would have blasted your relationships into next week. That was then. The skies have shifted and you're being asked use the experiences of the past decade or so to go deeper in at least one important relationship. Use what you've learned from the tough times.

**LEO** (July 23 - Aug. 22) You are in one of the most intense and potentially explosive weeks of the year when it comes to your most important relationships, romantic and otherwise. One of your love lessons now is to be less volatile when things aren't working. You probably can't make everyone happy, but you can try!

**VIRGO** (Aug. 23 - Sept. 22) It's detox time! There are multiple planets lined up in the part of your horoscope that's all your daily life

and health. So do think about what in your life has gone 'off', be it the food in your fridge, your diet, a friendship or anything else. Clear everything out!

**LIBRA** (Sept. 23 - Oct. 22) There are times when life seems a little dull and flat - and times when there is real potential for romance, creativity and fun. Thankfully, for you, this week is all about the latter. Get out there and have some fun - but avoid anyone coming off as too intense! Enjoy!

**SCORPIO** (Oct. 23 - Nov. 21) Home and family are under the spotlight for you this week - can you feel it already? Whether it's about where you live or who you live with, big change is possible. Do keep talking, if there are domestic relationships bubbling up. Don't try and control anyone else for best results.

**SAGITTARIUS** (Nov. 22 - Dec. 21) Your words are your wand at the moment. Careful what you say because they will create something. No joke. And if you find yourself having a rant and complaining non-stop, stop! You'll only attract more to complain about. Talk about what you do want, not about what you don't want.

**CAPRICORN** (Dec. 22 - Jan. 19) Understand this and 2024 could prove to be one of your most solvent years; money is energy and goes where it's wanted and expected. So, if you think you do good work for good pay, you'll end up doing exactly that. It's a major life lesson for you in 2024.

**AQUARIUS** (Jan. 20 - Feb. 18) There is such a lot of cosmic energy around you now. Your challenge, should you choose to accept it, is to make some firm decisions about the life you want to lead. What's it going to take? How much effort are you willing to put in to achieve your goals?

**PISCES** (Feb. 19 - March 20) Take some time out this week if you can. You have had a pretty full-on start to the year and the energies aren't abating yet. But with all the pressure on you, you need to pace yourself. That way you can survive and thrive rather than burning yourself out. B-r-e-a-t-h-e!

## In Memoriam: "Days Of Our Lives" Star Bill Hayes Has Died At 98

Photos courtesy of Days of our Lives/ABC Studios

Bill Hayes, who began playing Doug Williams on *Days of our Lives* in 1970, passed away on Jan. 12 at the age of 98. The beloved actor was born in Harvey, Illinois, on June 5, 1925. After attending Whittier Grade School and Thornton Township High, he studied at DePauw University and then enlisted in the U.S. Navy Air Corps.

Hayes made his debut on TV in 1949 in the early days of live television. By 1970, he was divorced from his first wife and sought a regular acting gig to help provide stability for his five children, so he took on the role of con man Brent Douglas on *Days*, the cellmate of Bill Horton (Ed Mallory). Brent changed his name to Doug Williams and moved to Salem. The show's creative team had plans for the character, but stories shifted after the writers observed his undeniable chemistry with Susan Seaforth Hayes, who plays Julie. The couple wed in 1974 and made the cover of *Time* magazine in 1976 in a story on soap operas.

"I have known Bill for most of my life and he embodied the heart and soul of *Days of our Lives*," Ken Corday, executive producer

of *Days*, said in a statement. "Although we are grieving and will miss him, Bill's indelible legacy will live on in our hearts and the stories we tell, both on and off the screen."

"Many years ago, clearly having no idea personally, I asked Bill, 'What makes a marriage work?'" costar Deidre Hall (Marlena) shared on Instagram. "He gave it much thought before saying, 'In all the years I have known Susan, she has never given me an insincere kiss.' It was not a casual response. I understood it to mean the constancy of sincere devotion. ... Bill Hayes was the most loving and generous man I have ever known. Anyone lucky enough to have spent time with this gentle man would surely agree they were 'changed for good.'"

"To all of you who honored my Billy with a word of remembrance, a sense of personal loss or even a tear, I thank you," shared Seaforth Hayes on her and her husband's joint Instagram account. "You touched my heart by seeing in him the goodness and joy I experienced every moment of our wonderful marriage. May we all embrace life with the gusto of Bill Hayes — and enrich it with grace and love."

Due to *Days'* production schedule, Bill Hayes will air as Doug through July.

**WHEN WILL WE SEE BLOOD, HORSES AND CHASE?**

@TVGMMattRoush

**Question:** Have you heard anything about a new season of the PBS series *Vienna Blood*? I also saw that the fourth season of *Slow Horses* has been filmed, but we won't see it until the fall! –Gwen

**Matt Roush:** *Vienna Blood* has been renewed for a fourth season, but no word yet from PBS on when they'll air it. (I assume they eventually will.) As for the wonderful *Slow Horses*, while Apple TV+'s scheduling strategies are often puzzling, given the brevity of *Horses*' seasons at a mere six episodes, I'm not surprised Apple would choose to space them out.

**Question:** Has there been any word on if we are going to get another season of *The Chase* on ABC? –Natalie C.

**Matt Roush:** No word yet, though it's nowhere to be seen in the midseason lineup, which is mostly about welcoming back the scripted shows that have been on hiatus during the writers' and actors' strikes. It may be too early to tell which shows will be part of ABC's annual summer "Fun and Games" lineup, but I'd be encouraged by the fact that *The Chase* still shows up on ABC's press website as an active series. It hasn't officially been renewed or canceled, so currently in limbo.

**Married at First Sight**  
8 pm on LIFETIME

When faced with "till death do you part," clarity begins to take shape with some of the couples. With decision day right around the corner, the newlyweds learn more than expected during a housewarming party. More surprisingly, someone returns with news.

**Abbott Elementary**  
9 pm on ABC

Smoking in the boy's room might have been fashionably rebellious in the 1980s (thanks, Motley Crue), but it will not be tolerated by Miss Teagues (Quinta Brunson) or the other teachers at Abbott, no matter who is doing it. And no, vaping is not excluded.

**Rico to the Rescue**  
9 pm on HGTV

Plenty of songs are about being gutted emotionally. Rico must step in at the last minute to help a Denver-based singer who's turning her home into a music haven when her ex-boyfriend renovator leaves the project half-finished following their breakup.

**Chrissy & Dave Dine Out**  
9:30 pm on FREEFRM

**Season Finale**

If watching people cook can become a major part of the TV landscape, watching people eat seems reasonable as well. This season finale finds Chrissy Teigen and David Chang at Meals by Genet sampling Ethiopian cuisine.

## CHEERS TO ABC

for pulling the plug on *The Good Doctor* after its upcoming seventh season. Not that we won't miss the lovely medical drama starring Freddie Highmore as gifted autistic surgeon Shaun Murphy, but it's best to let shows die with dignity rather than by a sudden cancellation.

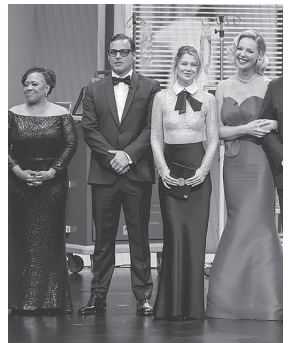

## JEERS TO THE GOLDEN GLOBES

for tarnishing their brand. Again. Give Will Ferrell and Kristen Wiig all the money to host next year and we might forgive you.

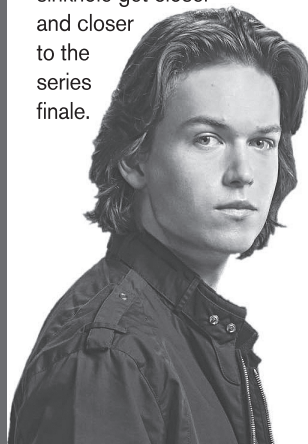

## JEERS TO La Brea's

brutal exits. Whether it's budget cuts, production delays or scheduling conflicts, there is something sad about seeing Jack Martin's Josh and so many other cast members of NBC's prehistoric time-travel hit being written off as the survivors of that L.A. sinkhole get closer and closer to the series finale.

## CHEERS TO EMMY CAST REUNIONS.

From *Cheers* and *Ally McBeal* to *Martin* and a *Grey's Anatomy* moment (above) we never imagined we'd see again, the annual salute to TV's best outdid itself by lining up an iconic and beloved roster of presenters.

## 5 Expert Tips for Choosing Incontinence Underwear

By Judith Miller

*Living with bladder leaks can be challenging, but finding the right incontinence underwear can make a big difference in your comfort and confidence. Here are 5 tips that our experts always look for when shopping for better bladder protection:*

**1. Absorbency:** If you tend to have higher absorbency needs, look for “overnight” underwear, whether you plan to use them day or night. Because Market’s Overnight Underwear holds up to 6 cups of liquid, the equivalent of nearly 2 bottles of wine.

**2. Leak guards:** Leak guards are additional pieces of absorbent material that surround the leg cuffs to prevent unwanted leaks. Always look for products with reinforced leak guards.

**3. Skin-friendly materials:** Some incontinence underwear can cause irritation and discomfort, especially for those with sensitive skin. Look for latex-free underwear made from soft, breathable materials. Because Market’s pads and underwear are latex-free and sensitive skin-friendly.

**4. Fit and comfort:** Over 50% of leaks are due to incorrect fit. Look for underwear with a snug, but not too tight fit. Top brands will offer underwear with a range of sizes and fits to ensure maximum comfort. Because Market offers sizes S to XXL.

**5. Price:** Incontinence underwear can be expensive, so consider the price per piece when shopping for the right product. Some brands will even offer a free pack to try.

## Seriously absorbent underwear.

# Omega Rejuvenol: Trusted by Over 987,000 Americans To Support Memory And Focus At Any Age

*Join The New Omega Revolution That's Outshining Fish Oil in the Quest for Brain Wellness*

Half a mile beneath the icy waters off the coast of Antarctica lives one of the most remarkable creatures in the world.

Fully grown, they're less than two feet long and weigh under 10 pounds.

But despite their small size, this strange little squid can have more of a positive impact on your brain health than any other species on the planet.

They are the single richest source of a vital "brain food" that 250 million Americans are starving for, according to a study published in the British Medical Journal.

It's a safe, natural compound called DHA — one of the primary building blocks of your brain. It helps the brains of children grow during their development. And in adults, it supports healthy brain function as they age.

Because DHA is so critical for brain health, it's important to get enough of this critical nutrient in our diet. But it's getting more and more difficult. While some may dislike fish and others may struggle to afford it, there's growing evidence the majority of store bought fish have lower levels of DHA than the more expensive "wild caught fish."

Regenerative medicine specialist Dr. Al Sears, says, "Thankfully, there's still hope. Getting more of this vital brain food helps to nourish your brain and helps support memory and cognitive health as we age."

Dr. Sears, a highly-acclaimed, board-certified MD — who has published more than 500 studies and written 4 bestselling books — says in an ideal world, we should be able to get enough DHA from our diets... But we don't anymore.

"For thousands of years, fish were a great natural source of DHA. But due to industrial fish farming practices, the fish we eat and the

fish oils you see at the store are no longer as nutrient-dense as they once were," he explains.

Some researchers believe our paleo ancestors were able to grow bigger and smarter brains by eating foods rich in one ingredient — DHA. According to Dr. Sears, DHA is the most important **Omega-3** by far, because our brains contain large amounts of this essential fatty acid to process thinking and memory.

"Our memory center in the brain — called the hippocampus — thrives when it has abundant supplies of DHA, and grows because of it," explains Dr. Sears. "Without DHA, our brains would shrink, and our memories would quickly fade."

In one study on more than 1,500 postmenopausal women, researchers found that those with low levels of **Omega-3s**, had smaller brains.

## FARM-RAISED FISH HAVE LOWER LEVELS OF DHA

Dr. Sears uncovered that sometime during the 1990s, fish farmers stopped giving fish their natural, DHA-rich diet and began feeding them a diet of inflammatory seed oils.

"It's cheaper for fish farmers to feed them 'fish pellets' than what they'd eat in the wild," explains Dr. Sears. "But in order to produce optimal amounts of DHA, fish need to eat a natural marine diet that contains natural fish oils, like they have for millions of years."

"Since fish farmers are depriving these animals of their natural diet, DHA is considerably lower in the oils they produce." A study published in the journal Public Health Nutrition reveals that DHA in farm raised fish is about half of what it used to be.

## THE SECRET TO MAINTAINING A HEALTHY MEMORY

"Considering that 80% of fish

oil comes from fish farms, it's no wonder Americans are not getting enough of this vital Omega-3 fat. It's almost impossible to get enough DHA from fish oil alone. And that's bad news, because loss of brain size and brain volume is a common side effect of DHA deficiency as people age."

So, what can Americans do to improve their memory and brain function in the most effective way possible? Dr. Sears says, "Find a quality DHA supplement and that will help support cognitive health as you age."

Dr. Sears and his team worked for over two years developing a unique brain-supporting formula called **Omega Rejuvenol**.

**Omega Rejuvenol** is made from the most abundant natural sources of DHA in the ocean, Antarctic squid and krill — the two species that cannot be farmed and live exclusively in the wild.

According to Dr. Sears, these are the purest and most potent sources of DHA in the world, because they come from pristine waters and haven't been tampered with. "**Omega Rejuvenol** is sourced from the most sustainable fishery in Antarctica. You won't find this oil in any stores."

## MORE IMPRESSIVE RESULTS

**Omega Rejuvenol** has sold more than 850,000 bottles worldwide. And for a good reason, too. Satisfied customers can't stop talking about the memory support they get from quality-sourced DHA oil.

"I can feel a difference. The occasional brain fog I dealt with for years doesn't feel as bad. Now I wake up feeling sharper and more energetic," says Owen R.

"I remember what it was like before I started taking **Omega Rejuvenol**... but now I have a feeling of clarity," says Estelle H.

*Omega Rejuvenol: Beyond fish farms and burps...Dive into pristine Antarctic DHA!*

"My mood and focus are at an all-time high," raves Bernice J. "The difference that **Omega Rejuvenol** makes couldn't be more noticeable."

And 70-year-old Mark K. says, "It feels like my focus and memory are back to younger levels."

These are just a handful of the thousands of reviews Dr. Sears receives regularly thanks to his breakthrough memory formula, **Omega Rejuvenol**.

# The Bracelets That Italy Can't Get Enough Of

Own the jewelry that's the toast of Italy

Raffinato™  
—Italy

*"The renown of Italy's jewelry, with its sensual beauty and extraordinary craftsmanship, is founded on the goldsmithing skills passed down through generations." – The New York Times*

I guess I was a little bored. For the past hour, I'd been on the phone with Daniele, the head of my office in Italy, reviewing our latest purchases of Italian gold, Murano glass and Italian-made shoes and handbags.

"Daniele," I said, "What is the hottest jewelry in Italy right now?"

His reply? Woven gold bracelets studded with jewelry. He texted me some photos and I knew immediately that this was jewelry that Raffinato just had to have.

**RAFFINATO IS ONE OF AMERICA'S LARGEST RETAILERS OF ITALIAN-MADE JEWELRY**

Presenting the Italiano Fantasia Bracelets, two designs that are prime examples of Italy's finest artisanship. Each of these bracelets includes more than 20 brilliant cut gems of DiamondAura®, our Ultimate Diamond Alternative®, in a setting finished with 18 karat Italian gold.

What is DiamondAura®? Why, it's a sparkling marvel that rivals even the finest diamonds (D Flawless) with its transparent color and clarity: Both are so hard they can cut glass. Don't believe me? The book "Jewelry and Gems: The Buying Guide," praised the technique used in our diamond alternative: "The best diamond simulation to date, and even some jewelers have mistaken these stones for mined diamonds," it raved.

The best part about these bracelets? The price. Because of our longstanding connections in Arezzo, the mecca of Italian goldsmithing, we can offer both bracelets together for just \$99, a fraction of the price you'll pay anywhere else for similar jewelry.

Order today. These bracelets are one of our hottest sellers this year, and with disruptions in the supply chain, we can only guarantee that we have 1,273 861 of these bracelets on hand for this ad.

Make the next gift you give your loved one a trip to Italy with the Italiano Fantasia Bracelets, stunning accessories that are sure to turn heads.
