Takes 10 Years Off Your Face in as Little as 10 Minutes

Women are raving about the life-changing effects of this powerful formula.

There's no denying that people — mostly women — are on a mission to discover the best way to eliminate fine lines and wrinkles permanently. The \$14 billion dollars spent on aesthetic procedures in 2021 alone is a clear indication of that fact.

But now science appears to be offering a simpler solution. It's a special delivery technology adapted for skincare that gets superior results.

Known as advanced liposome technology, this powerful distribution system ensures that vital nutrients are delivered exactly where your skin needs them the most, providing your skin with maximum anti-aging benefits.

New Age-Defying 'Dermal Filler' Cream in High Demand

Al Sears, MD, of Palm Beach, Florida, recently released an anti-aging cream that adapts this breakthrough medical technology into the realm of skincare, and he's struggling to keep up with consumer demand.

Dr. Sears is South Florida's leading anti-aging pioneer. He has authored over 500 reports, scientific papers, and books on anti-aging. A frequent lecturer at global anti-aging conferences, Dr. Sears spoke at the WPBF 25 Health & Wellness Festival featuring Dr. Oz, along with special guest, Suzanne Somers. Thousands of people were in attendance as Dr. Sears discussed his latest anti-aging breakthroughs.

This powerful cream, known as **Restore**, keeps selling out faster than it's produced — and people are raving about the effect it's having on their skin.

"Within a few minutes of applying the cream, it visibly plumps out the under-eye area and my cheeks as well as those annoying lines that

deepen as we age between the nose and lips. It also felt like it was tightening and smoothing my skin at the same time. I definitely feel I look younger whenever I use it," said Amy B., of Montville, New Jersey.

"The lines around my mouth and eyes are filled in and my skin is tightened. I love having younger-looking skin, so I will continue using **Restore**" raves Cathy C., of Florida.

The best part is that this cream has no adverse side effects, doesn't require a doctor's visit or prescription, and is 100% natural.

"Advanced liposome technology ensures that vital nutrients are delivered exactly where your skin needs them the most."

Powerful Delivery System Ensures Nutrients Penetrate Deep into Your Skin

The dermis is the underlying layer of skin that supplies nourishment and oxygen, and removes waste. In other words, it's responsible for keeping your outer layer of skin healthy. Liposome technology is designed to support and nourish this deeper layer of skin by delivering nutrients directly to it.

"All of **Restore's** powerful ingredients are encapsulated in a liposome shell — an organic container that carries the beautifying agents deep into the skin cells," explained Dr. Sears.

"**Restore's** liposome shell is composed of phosphatidylcholine or PC for short. While cell membranes repel water, they absorb PC because they're actually made of it. As

Revolutionary Formula Reduces the Appearance of Wrinkles in Minutes

a result, **Restore** is delivered deep into the cell for maximum firming and volume."

When you apply liposome cream to your face, the liposomes in the skin cream work their way inside your skin, fuse with the skin cell membranes and then release their contents directly to the cells. Regular skin creams don't have this capability.

A Formula Designed to Take Years off Your Face in Minutes

Once it's penetrated the deeper layer of skin, **Restore** releases a unique blend of botanicals, vitamins and essential oils that reduces the appearance of fine lines and wrinkles, gives skin a more even tone, and moisturizes the interior layers of your dermal cells, firming and plumping your skin.

Restore's first skin-enhancing agent is Madonna lily leaf stem cell extract. It helps produce an even-toned complexion. In a clinical study reported in the *Journal of Cosmetic Dermatology*, participants treated with this extract for 28 days showed improvements in skin luminance and tone around the eyes.

Restore is also loaded with vitamin C, which British researchers have found reduces both wrinkles and dryness. "In **Restore** we use magnesium ascorbyl phosphate, a

more stable form of vitamin C that doesn't break down in liquid as does ordinary C," explains Dr. Sears. "That means the antioxidant molecules stay intact within your skin cells where they can prevent damage from dangerous free radicals."

This powerful formula also features guarana seed extract, coenzyme Q10, and avocado oil. Japanese researchers have also found that coenzyme Q10 supports production of the thin membrane that separates layers of your skin, and French studies have shown that avocado oil improves skin cell metabolism and enhances skin thickness.

Where To Get Restore

To secure the hot, new **Restore** formula, buyers should contact the Sears Health Hotline at **1-800-675-0580** TODAY. "It's not available in retail stores yet," says Dr. Sears. "The Hotline allows us to ship directly to the customer." Dr. Sears feels so strongly about **Restore**, all orders are backed by a 100% money-back guarantee. "Just send me back the bottle and any unused product within 90 days from purchase date, and I'll send you all your money back."

Call NOW at **1-800-675-0580** to secure your supply of **Restore**. Use Promo Code **RESTTW13** when you call. Lines are frequently busy, but all calls will be answered!

Young Sheldon

CBS, Series Finale May 16

After seven seasons, *Young Sheldon* signs off with teenage Sheldon (Iain Armitage) growing into *The Big Bang Theory's* adult Sheldon (Jim Parsons). "I am so sad that this is coming to an end but, honestly, I could have asked for nothing better," Armitage says. Parsons and *Big Bang* costar Mayim Bialik will reprise their roles and make a guest appearance in the *Young Sheldon* finale. CBS has ordered a spinoff following Georgie (Montana Jordan) and Mandy (Emily Osment) as they raise their young family in Texas.

So Help Me Todd

CBS, Series Finale May 16

Following the shocking news in late April that CBS had canceled the dramedy (along with *CSI: Vegas*), cast and crew members took to social media to thank CBS for the opportunity to share their story, even if it was for just two seasons. "I took a story about me and my Mom and hundreds of people came together to build it into something else, something huge, something beautiful, something funny. Thank you to everyone involved, and to all our viewers. One million thank yous will never be enough," shared Scott Prendergast, writer and creator of the series.

The Good Doctor

ABC, Series Finale May 21

Freddie Highmore wraps up his role as autistic surgeon Dr. Shaun Murphy in this medical drama, which ends with Season 7. "It feels a bit like graduation," Highmore tells TV Insider. "It's this big momentous event that makes you nostalgic and is filled with memories. But at the same time, you're sort of excited for the future."

Station 19

ABC, Series Finale May 30

The fire goes out after seven seasons for this *Grey's Anatomy* spinoff drama following Seattle firefighters. Executive producer Shonda Rhimes wrote on Instagram, "A heartfelt salute to the exceptional cast whose brilliance brought the characters to life and to the viewers who continued to make it possible!"

Jane Seymour Catches Us Up On "Harry Wild"

Fans of Jane Seymour will delight to see her hit sleuth series *Harry Wild* get a linear TV debut as new episodes premiere on BBC America, along with streaming service Acorn TV (beginning Monday, May 13). Set in Dublin, the series stars Seymour as Harriet "Harry" Wild, a literature professor turned private investigator. She's paired with an unlikely sidekick, the young Fergus (played by Rohan Nedd), and the two annoy local authorities and crack some unusual cases. Here we catch up with the beloved Seymour.

Previously *Harry Wild* has only been available to stream on Acorn TV. Now a broader audience can see how fun this murder-mystery series is on BBC America, too. Anything newbies need to know?

My character Harry is basically Professor Harriet Wild, and she's been a professor of English literature at Trinity for 30-plus years. She's irritated that her students are more interested in partying than listening to her. So, she quits not knowing what she's going to do. Accidentally she gets mugged while buying a bottle of wine (to have a nice date with a guy), and finds herself recovering at her son's home (her son's a detective). Basically, the premise is that she's able to solve crimes much better than him because he won't listen and she knows her history and literature, and her sidekick [Fergus] was the young man that accidentally grabbed her purse back in the beginning. It's very humorous and they have an amazing relationship, and they end up solving really bizarre crimes.

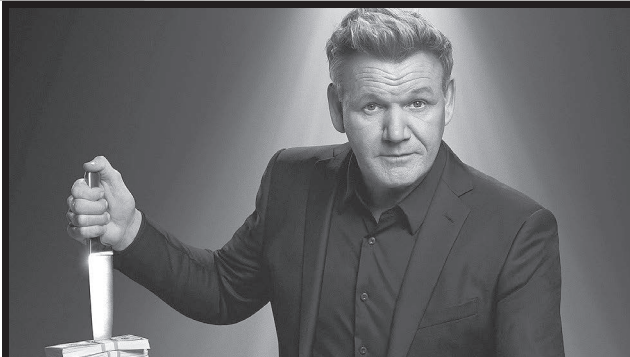

How much or little of you is actually in your character Harry?

Well, I'd like to say I've read every book that was ever written, but clearly not. But would I like to be that literate? Absolutely. And I do find that when I'm making the show, when I see a quote from *Wuthering Heights*, or wherever it is, I tend to reach for the book or at least the CliffsNotes and go, "Wow, that's really clever." ... Gordon Ramsay will welcome Lisa Vanderpump to Season 2 of FOX's high-stakes competition series ***Gordon Ramsay's Food Stars***, premiering Wednesday, May 22 from 9 to 10 PM ET/PT. The two will face off as they each select food and beverage industry entrepreneurs to join their teams and then put them through a gauntlet of real-world challenges designed to showcase their business skills, test their drive and prove they have what it takes to become the next great culinary entrepreneur. The ultimate outcome will be whose mentorship leads to victory for one of their team's *Food Stars* hopefuls. The battle commences as teams are put through "Business Bootcamp," designed to test their tenacity, initiative, perseverance and ambition as business leaders. Did we mention that a \$250,000 prize is on the line for these entrepreneurs?

Nat Geo will honor World War II soldiers of color with 2 new specials airing Monday, June 3 from 9 to 11 pm ET/PT, steaming the next day on Disney+ and Hulu. The 9 PM episode, ***Pearl Harbor***, tells the story of three Black sailors who not only miraculously survived the attack on Pearl Harbor but also saved countless lives. Hundreds of Black sailors fought for their lives as Japanese bombs hit, with some performing incredible acts of heroism. It took years before many of these men were properly honored. Then at 10 PM, ***D-Day*** unearths the hidden heroes of the 320th Barrage Balloon Battalion who helped liberate Europe. These American soldiers were the only all-Black combat unit to fight on the D-Day beaches. After valiantly serving their country, they returned home, hoping for the Civil Rights Movement to secure change, only to find a country where their heroics in France were quickly forgotten.

CRAIG T. NELSON

Of CBS' "Young Sheldon"
By Jacqueline Cutler

As *Young Sheldon* comes to an end (Thursday, May 16), the cast is a bit melancholy. Ending a hit show is something Craig T. Nelson has been through before, with the beloved *Coach*. Both characters (Dale, who's Meemaw's beau on *Sheldon*, and Coach Hayden Fox) radiate a sense of decency; these are men you want in your life. Although a spinoff of the CBS sitcom has been announced — and *Young Sheldon* was a spinoff of *The Big Bang Theory* — Nelson did not yet know if his character would be involved. Here Nelson reflects on these beloved comedies as he answers our "5 Questions."

- 1. Did you enjoy playing Coach Hayden Fox?** He had a wildness and vitality that I really liked, a passion for life, tolerance, and a lot of compassion. ... It was just a lot of fun.
- 2. Where do you keep your Emmy Award?** In a corner of the living room.
- 3. Tell us about a time when you were starstruck.** It was 1960, and I was in Spokane. My mom took me to see *Spartacus*, and I just fell in love with Kirk Douglas and Jean Simmons. It was a wonderful experience, and years and years and years later, I am working with Kirk Douglas, and I just could not believe it. I mean, here was a kid from Spokane, looking at a movie star, and I am actually doing scenes with him. Literally, I think I did the whole part with my mouth open. It was originally called *The Lies Boys Tell*. And I think they changed it to *Take Me Home Again*.
- 4. What's your ideal day?** One in which the puppy (a golden retriever) behaves, and I can sit down and do my writing. I am presently writing a book, doing it almost two years now. It's historical fiction, right after the flood, with Noah's three sons, and it follows one of the sons. ... Time to do that or play the guitar. And taking care of the business I have — my youngest son is very involved and has four different projects going, a part of Family Tree, my production company.
- 5. What's a job you had that still influences you?** Probably when I was in the mountains. I worked as a logger. I was a choker setter, the guy who sets the cable around the logs that have felled and they are about three-quarter-inch-thick cable put on a loader. I got a chance to work in the woods and a chance to know the various trees, and I had an innate affinity for their beauty and the stories they told.

Domhnall Gleeson, a Taurus (born May 12), of "Alice & Jack"

iron is hot in terms of your finances. Don't overanalyze at the cost of taking action.

LIBRA (Sept. 23 - Oct. 22)
Your cycle of letting go of habits and patterns that don't work for you are beginning to show signs of paying off. When it comes to relationships, a breakthrough of sorts is possible. Take the lead and be confident about what you want. Venturing into new territory will be good for you.

SCORPIO (Oct. 23 - Nov. 21)
Mars, one of your guiding stars, fuses with the North Node this week. If there was ever a time to get on top of your schedule or your health and wellness, then it's now. Don't take yourself or your body for granted. Decide on what you need and make it happen.

SAGITTARIUS (Nov. 22 - Dec. 21)
There's no time like the present to decide to have some fun. Choose to enjoy yourself and do more of what you love to do. Paint the town red. Go on a date. Indulge in a personal passion. What you do this week could possibly change your life for the better.

CAPRICORN (Dec. 22 - Jan. 19)
Life seems to work out pretty well for you when you decide to take charge of matters. It's your home and family life that needs your direction and guidance now. This may also mean carving out time and space for family time too. Fill your cup up with family this week.

AQUARIUS (Jan. 20 - Feb. 18)
If you want to enjoy the best the life has to offer you now, then it's up to you to communicate that. Clear is kind. Don't mince your words or be evasive. If you need or want something, speak up. The more you express your desires, the more likely they'll be met.

PISCES (Feb. 19 - March 20)
The more confidence you can show regarding your skills, gifts and talents, the more money you can make. This isn't the time to be coy about getting your due abundance. Set some goals for yourself and make them happen. Take care of money matters and money matters will take care of you!

ARIES (March 21 - April 19)
You're absolutely unstoppable. If you set a goal, you'll achieve it. If you decide you want something, you'll get it. With so much motivation available to you now, decide carefully where you'd like to direct it. The longer you take to draw back your bow, the more likely you'll hit your target.

TAURUS (April 20 - May 20)
In order to get something you've never had, you have to do something you've never done. This week offers you the chance to take a very worthwhile chance. Back yourself! The action you take now is likely to pay dividends. If you snooze on an exciting opportunity, you'll lose.

GEMINI (May 21 - June 20)
Are you ready for change in one way, form or another? Soon dear Gemini, you'll be able to get back to being your jovial and curious self. For now, you really do need to recharge your batteries. The sooner you fall behind, the longer you'll have to catch up!

CANCER (June 21 - July 22)
You might be ready to make waves within your professional life this week. If you don't work, some potent choices can be made in terms of your overall life direction. There's a bit of a risk involved. You may have to go where angels fear to tread but it's worth it.

LEO (July 23 - Aug. 22)
The world has a way of opening up when you're ready to explore it. When you're ready to learn, the teacher arrives. One way or another, your world is going to crack right open this week. Study, travel and adventure are all highlighted. Enlightenment, one way or another is now possible.

VIRGO (Aug. 23 - Sept. 22)
Deliberating on decisions can often be wise. That said, doing so for too long can prompt you to talk yourself out of making a decision at all. You may have to just strike while the

BY PAUL HALL

Dune: Part Two

Paul Atreides (Timothée Chalamet) and Chani (Zendaya) are in the middle of the sandy expanse and still seeking revenge against the individuals who rose against Atreides' family. As the scope of the journey grows, power is desired by those who would lead for better or worse, but whose best interest does Paul have in mind? Masterfully shot, the footage is glorious on the biggest screen you have. Director Denis Villeneuve has quickly established his rank among the masters. This should be added to everyone's collection. *Rated PG-13 — Available May 14*

CBS Stops "Talk"-ing And Opens "The Gates" To A New Soap Opera! Plus: Familiar Faces Return To "Days Of Our Lives"

The last decade or so hasn't been the best for the soap opera genre with so many shows being canceled. There is now some good news! CBS, home to *The Young and the Restless* and *The Bold and the Beautiful*, is ordering a new soap opera — *The Gates*!

The new daytime drama is a joint venture from CBS Studios and the NAACP in partnership with P&G Studios. The news was announced shortly after CBS revealed that *The Talk*, the CBS daytime talk show that took the time slot of axed sudser *As the World Turns* in 2010, was coming to a conclusion. *The Talk* will return for an abbreviated 15th season in the fall and exit the airwaves in December.

The Gates is set to debut in January 2025; however, the show's specific time slot hasn't been announced. (Many are predicting it will take *The Talk's* place on the lineup.) "*The Gates* follows the lives of a wealthy Black family in a posh, gated community," reads a press release from CBS.

Michele Val Jean, whose credits include *Generations*, *Santa Barbara*, *General Hospital* and, most recently, *The Bold and the Beautiful*, will be the show's writer and executive producer. Sheila Ducksworth, Leon Russell, Derrick Johnson and Kimberly Doebereiner will also serve as executive producers.

What is Val Jean specifically known for writing? She scripted the famous catfight between Maya (Vivica A. Fox) and Doreen (Jonelle Allen) on *Generations*. She also wrote episodes that revisited the controversial rape story with *GH's* Luke and Laura (Anthony Geary and Genie Francis).

Later this year, *Days of our Lives* will pay tribute to the late Bill Hayes, who died in January, when his character Doug Williams' death is written into the show. A host of familiar faces will return for the scripted celebration of Doug's life including Maree Cheatham (Marie), Brandon Beemer (Shawn), Martha Madison (Belle), Matthew Ashford (Jack), Melissa Reeves (Jennifer) and, after a nearly 40-year absence, Gloria Loring (Liz).

In other *Days* news, the show has won the 2024 Writers Guild Award for Daytime Drama writing. Ron Carlivati, head writer, submitted episodes involving the memorial for the late Victor Kiriakis (John Aniston), the 50th anniversary of Suzanne Rogers' debut as Maggie, and John Black (Drake Hogestyn) searching for his true birth father — played by legendary Dick Van Dyke.

Question: Why did CBS cancel *So Help Me Todd*?!! It was a whodunit show that did both comedy and drama well. Do you think CBS might reverse itself? -Laurie

Matt Roush: Doubtful. Some cancellations hurt more than others, and judging from my e-mail bag over the last few days, this one really stings. And I get it. *So Help Me Todd* falls under the category of pure entertainment. It's not part of a larger franchise, its only aim is to amuse, and it was part of an enjoyable Thursday experiment in genre comedy, starting with *Young Sheldon* and *Ghosts* and continuing in hour form with *So Help Me Todd* and the new *Elsbeth*. The "why" of *Todd*'s cancellation is both simple and complicated. Simply put, *Todd*'s ratings, while not terrible, weren't as strong as much of the rest of CBS's schedule, most of which is returning next season. With limited shelf space for new programming designated for this fall, something had to give. (*CSI: Vegas* also got the boot.) It seems unlikely CBS will pull another *S.W.A.T.* and cancel this cancellation, and there's no industry talk about moving it to streaming or seeking another outlet, given that this is produced by CBS Studios.

CHEERS TO LOOT'S

priceless star, Maya Rudolph. As an heiress trying to better the world with a staff of misfits on Apple TV+'s gem, the SNL vet delivers Emmy-worthy work in both the drama and comedy categories.

JEERS TO CBS

for dismissing *So Help Me Todd*. The immensely entertaining Skylar Astin-led legal dramedy had the book thrown at it after two seasons, just as the equally charming and similarly themed *Elsbeth* was being renewed. Way to botch a killer cross-over opportunity, gang.

CHEERS TO THE BOLD AND THE BEAUTIFUL

for knowing you can't keep a bad girl down. Despite being "fatally" stabbed in February, Kimberlin Brown's Sheila refuses to die. It was just revealed she pulled a fast one using a look-alike and will continue her reign as daytime's worst.

JEERS TO "FAKE" CASTING.

The usually engaging Netflix competition *The Circle*, which challenges sequestered players to create alliances with one another through online chats, has added an artificial intelligence chatbot named Max to the sixth season's cast. Because the only thing worse than being catfished is seeing real humans lose out to an overpaid Alexa.

5 Expert Tips for Choosing Incontinence Underwear

By Judith Miller

Living with bladder leaks can be challenging, but finding the right incontinence underwear can make a big difference in your comfort and confidence. Here are 5 tips that our experts always look for when shopping for better bladder protection:

1. Absorbency: If you tend to have higher absorbency needs, look for “overnight” underwear, whether you plan to use them day or night. Because Market’s Overnight Underwear holds up to 6 cups of liquid, the equivalent of nearly 2 bottles of wine.

2. Leak guards: Leak guards are additional pieces of absorbent material that surround the leg cuffs to prevent unwanted leaks. Always look for products with reinforced leak guards.

3. Skin-friendly materials: Some incontinence underwear can cause irritation and discomfort, especially for those with sensitive skin. Look for latex-free underwear made from soft, breathable materials. Because Market’s pads and underwear are latex-free and sensitive skin-friendly.

4. Fit and comfort: Over 50% of leaks are due to incorrect fit. Look for underwear with a snug, but not too tight fit. Top brands will offer underwear with a range of sizes and fits to ensure maximum comfort. Because Market offers sizes S to XXL.

5. Price: Incontinence underwear can be expensive, so consider the price per piece when shopping for the right product. Some brands will even offer a free pack to try.

Seriously absorbent underwear.

Get bladder leak protection that absorbs up to 6 cups of liquid. That’s 37% more than the leading brand.

- ✓ Sensitive skin-friendly

A re-discovery from the 1600s is causing a frenzy within the medical system. A weird herb has been shown in six clinical studies (and by thousands of users) to be very effective for leg and feet pain, burning and numbness – with no side effects – at low cost – and with no doctor visit or prescription needed.

This weird herb comes from a 12-foot tall tree that grows in Greece and other countries in Europe. In the old days, people noticed that when their horses who had leg and feet problems ate this herb – it was almost like magic how quickly their problems got much better. They called it the “horse herb”. Then somehow with Europe’s ongoing wars, this herbal secret got lost in time.

“It works for people who’ve tried many other treatments before with little or no success. Other doctors and I are shocked at how effective it is. It has created a lot of excitement” says Dr. Ryan Shelton, M.D.

Its active ingredient has been put into pill form and improved. It is being offered in the United States under the brand name Neuroflo.

WHY ALL THIS EXCITEMENT?

Researchers have found an herb originally from Greece that has been shown in six placebo-controlled medical studies (543 participants) to be effective and safe. This natural compound strengthens blood vessel walls and reduces swelling to stop the pain and suffering.

Poor blood flow in the legs and feet is one of the common problems that develops as we age. Millions of Americans suffer from neuropathy and chronic venous insufficiency (CVI), edema, and other leg/feet problems – millions have these but are undiagnosed.

Today’s treatments don’t work for a high percentage of people – and they have side effects that make them hard to tolerate or that people do not want to risk. This includes prescription drugs, over the counter pain pills, surgery and compression.

Already popular in Europe, this natural herb is taking America by storm since it was announced last week.

HOW IT WORKS

Here’s why you have pain now: Your arteries have weakened. Your arteries can’t carry enough blood, nutrients and oxygen down to your legs and feet. This damages your nerves and causes your burning, tingling and numbness.

The herbs in the pill Neuroflo strengthen your arteries that carry blood, nutrients and oxygen to your feet and legs. It improves your circulation so oxygenated blood goes to the nerves and repairs them. This makes your nerves grow stronger so your pain fades away and your legs and feet feel much younger again.

Until now, scientists could not combine these herbs into one pill without losing their full potency, but finally, they have succeeded.

Katerina King from Murrieta, California says, “I had hands and feet tingling and snapping and burning feeling. It made my life very uncomfortable. I had a hard time walking, my legs felt like they each weighed 50 pounds. Once I got in my car and my feet felt so heavy I couldn’t even drive the car. With Neuroflo I have no more tingling, cold or burning painful legs and feet. It went away.”

WHAT DOCTORS ARE SAYING

“Now I finally have a natural solution I can recommend to my patients who suffer from leg and feet problems and pain. I’m delighted because previous treatments were not effective, but Neuroflo has worked for every one of my patients with no side effects” says Dr. Eric Wood, N.D.

Dr. Ryan Shelton, M.D. says “This is new and different. It works for people who’ve tried many other things before. It is natural with no side effects. Don’t give up hope for your leg and feet pain, burning, tingling and numbing. This pill is working for countless people after other treatments have failed them. I highly recommend it.”

RE-DISCOVERED LEG AND FEET PROBLEM SOLUTION: In Greece in the 1600s, this herb was originally called “horse herb” because it was fed to horses with ailing legs. It has now been re-discovered and is giving soothing comfort to Americans who have leg and feet pain, burning, tingling and numbness.

“Neuroflo is a terrific choice for people with leg and feet issues. The clinical trials in support of this herb show it is very effective for safe and fast relief,” said Dr. Wood, a Harvard trained doctor who has appeared on award winning TV shows.

Now you can get a good night’s sleep – peaceful, restful sleep – with no pain, tingling, zinging, itching or zapping. Improve your balance and coordination. No side effects – safe to take with other medications. Enjoy your favorite activities and hobbies again. Be more active, have more fun, enjoy life more. Don’t risk irreversible damage to your feet and hands. Don’t get worse and wind up in the hospital or a nursing home.

Neuroflo is GUARANTEED to work for you – or you will get full refund with a 90-day unconditional money-back guarantee. It is NOT sold in stores or online. No prescription or doctor visit is required.
